Republican Victory Seen
Spotlighting Wicks for
Gubernatorial Position

Senate Majority Leader's Victory as Ulster Chairman Is Regarded as Placing Kingstonian in Prominent Role Which Might Bring His Nomination by Party in 1950

Senator Arthur H. Wicks, jubilant over the great Republican victory in Kingston and throughout Ulster county on election day, may be propelled by it into the number 1 spot for the gubernatorial nomination in 1950.

The Senate majority leader, and head of the Republican party in Ulster, has been mentioned for the post for some time, but this week's results at the polls has added momentum to his chances, local observers said today.

Wicks was able to rejoice election night when returns revealed the G.O.P. swept the county, taking 26 seats in the Board of Supervisors out of 33, and retained the Kingston mayoral post with the reelection of Oscar V. Newkirk.

It's no secret that many high in Republican ranks consider the great number of votes cast in his party's favor were registered as marks of confidence in Senator Wicks, whose 25 years of service to the electorate in this area has brought about much legislation favorable to its residents in all walks of life.

At the time of his elevation in the Senate from Finance Chairman to Majority Leader, speakers at testimonial dinners stressed that he was one of the strongest men in Republican ranks in regard to the nomination for governor in 1950.

Dewey's Stock Drops

Another angle that may boom the senator's chances is the defeat of Senator John Foster Dulles for whom Gov. Thomas E. Dewey campaigned vigorously throughout the state.

According to the Associated Press, Dewey's political stock dropped to a new low and pointed to a wide open fight for the 1950 nomination for governor. Although Dewey, after his defeat by President Truman said he had no plans to seek a third term as governor, many observers feel that he intends to run again.

Right now the situation looks like a three-way race, with Wicks, Dewey and Joe R. Egan, lieutenant governor, in the picture. Hanley is popular in upper New York.

Popular in New York

Wicks is figured as a candidate who can do well in New York city, where he is a favorite with various labor unions, police and firemen for whom he has introduced bills.

According to the Associated Press, many observers were convinced that Dewey wanted to stay in public life by the vigor and enthusiasm with which he stumped for Dulles, whom he appointed to the Senate and persuaded to become a candidate.

By the same token, these sources—Republican as well as Democratic—consider Dewey's defeat a jarring defeat for Dewey.

They figure he is really behind the political eight-ball, especially in view of the fact that he carried New York in the 1948 presidential election.

Helped by Wallace

Dewey carried his own state through the help of Henry A. Wallace. Dewey's plurality over President Truman was 60,939 votes. Wallace polled 500,000. Most politicians believe the vast majority of votes given Wallace otherwise would have gone to Truman.

Dewey's edge over Truman compared with the governor's record 681,000 plurality in 1948, when he was reelected over Democrat James M. McLaughlin, a 100 per cent New Dealer.

Republicans unflinchingly to Dewey contend that he cannot be defeated on Page 3, Col. 2.

Newspaperman Says Right to Question Is One Privilege Insuring Democracy

To use our right to question, and to use it courageously, is to insure a continuing democracy in this country, Bristow Adams, newspaper reporter-cartoonist and editor for half a century, said at the Clinton Avenue Methodist Church here Wednesday night.

Adams spoke to about 200 members attending the annual dinner meeting of the Ulster County Farm and Home Bureau and the Club Association.

In addition to Adams' talk, there were packed into the five-hour-long program a tribute to the 4-H Club on its 20th anniversary in this county, a special recognition of charter members in the Farm and Home Bureau in Ulster county, a business meeting with election of directors, dramatizations of Home Bureau work by three units, group singing and the traditional turkey dinner served by the ladies of the church.

In spite of its length, the program was a lively one and apparently was enjoyed by all present.

"The right to question is one of the God-given rights Americans have, and I hope they always have it," Bristow Adams said.

He attributed many of the advances in science to the fact that men were courageous enough to question beliefs and opinions. He singled out from many possible examples Sir Isaac Newton, who cupulated the law of gravity, the Wright brothers, inventors of the airplane, and Marconi, inventor of the wireless.

Of particular interest was Adams' observations on the Wright brothers, whose early flight tests he covered as reporter and cartoonist for a Washington newspaper.

At that time, some of the best minds in the country believed that for man to achieve flight was as impossible as it would be for him to construct a perpetual motion device, he said.

We have a right to question all of those things we have come to believe as true.

G.O.P. Disagrees on Portent
Of Setback in Campaigns

(By The Associated Press)

Labor organizations joined Democrats today in praising Tuesday's election results as a major victory for President Truman's program.

But Republicans, who lost important campaigns in New York state and elsewhere, disagreed on the significance of their setback.

Both the C.I.O. Political Action Committee and the A.F.L.'s political organization issued statements calling the Tuesday balloting a "disaster" for the nation's voters.

They charged that the nation's voters haven't changed their minds about Mr. Truman's proposals since electing him president in 1948.

The top Republican, Harold E. Stassen, also recalled last year. The results of this week's elections, he said, "re-emphasize the very serious nature of our defeat in 1948."

But New York's Gov. Thomas E. Dewey, Mr. Truman's G.O.P. opponent in 1948, saw things in a different light. Dewey backed the losing candidate in the New York Senate election which saw former Democratic Gov. Herbert H. Lehman defeat Senator John Foster Dulles.

Basis

Albany, N. Y., Nov. 10 (AP)—Governor Dewey left his political plans up in the air today but he contended that New York's senatorial election was a setback for President Truman's Democratic administration.

Dewey claimed this was so because Republican nominee John Foster Dulles "ran well ahead of local tickets all over the state" in losing Tuesday's U. S. Senate contest to Herbert H. Lehman, Democratic-Liberal candidate.

Dulles, who vigorously attacked the Truman "Fair Deal" domestic program during his campaign, took much the same position as Dewey on the election outcome. Democrats have hailed the Lehman victory as a solid endorsement by the voters of the "Fair Deal."

Dulles said in New York city: "When Mr. Lehman's vote is contrasted with the much higher vote of local Democratic candidates, it shows that local candidates saved the national program from obvious repudiation."

"Also, it shows that here in New York the Democratic party could never have won unless it had the support of the Liberal party and the undercover support of the Communist party."

Dewey left unanswered the question of his political plans during an election "post-mortem" at a news conference late yesterday.

He indicated, however, that he had put his political future on a day-to-day basis.

Asked if the defeat of Dulles would influence his plans, Dewey replied that his "future extends as far as I can see, to tomorrow."

Asked also if he thought Dulles would try again for the Senate next year, Dewey said: "I haven't any ideas about next year of any kind."

Some observers contend that Dulles' defeat has knocked him out of the political picture, including next year's gubernatorial election. Dewey campaigned across the state for Dulles.

Governor Dewey said that four "outstanding conclusions" emerged from Tuesday's Senate election. He listed them as:

"1. Mr. (Dulles) lost by only

Pol Declares His Country
Turned Down P-38
Three Times, Once
Due to Radio

Washington, Nov. 10 (AP)—Officials investigating the air crash which killed 55 here last week weighed the possibility today that a frantic radio effort to prevent the disaster might have been transmitted to the wrong plane.

Glenn Tigner, 21, a National Airport traffic controller, conceded yesterday that his shouted warnings to the Bolivian pilot of a P-38 fighter plane might have gone out on the wrong channel.

An inquiry panel set up by the Civil Aeronautics Board expected today to hear the views of Rios Brindoux, director of Bolivian aviation, who was at the controls of the ill-fated P-38.

Rios Brindoux offered a detailed statement to investigators Monday at the Alexandria, Va., Hotel, where he is being held for severe injuries suffered in the crash.

Maj. German Pol, another Bolivian aviation official, was one of the witnesses at yesterday's opening hearing.

Pol, who witnessed the collision from his parked automobile at the airport, said it appeared to him that the Eastern Airline DC-4 had swerved into the flight.

As for the P-38, Pol testified that his government had turned down the plane three times prior to the fatal last flight—on one occasion because the radio was not working properly.

He said Bolivia had never accepted delivery of the plane, and that it still belonged to the Universal Marine and Supply Company of Washington at the time of the crash.

The Bolivian official said Rios Brindoux had indicated below the takeoff that the radio was working. But he added that Rios passed on a request to the control tower to instruct him by lights if his radio failed.

Tigner said he had not received such instructions. What's more, he said, lights might have confused both pilots, since they were coming in from the same direction.

Tigner said he had ordered the DC-4 to turn sharply to the left to avoid a collision after the P-38 failed to either heed or acknowledge his instructions to let the airliner land first.

C.A.B. investigators brought out that Tigner's communication with the airliner was over one radio channel, while he could talk to the fighter only by using another. By pressing both buttons, he could have transmitted to both planes.

Was it possible, he was asked, that "you were on the wrong frequency" in calling the P-38?

"It is possible, yes," Tigner said.

A C.A.B. attorney asked whether it would have been "feasible" to have jammed down the Bolivian radio.

More than \$1,050,000 will be distributed by Kingston banks through Christmas Club checks within the next two weeks.

Four of five local banks which have the Christmas Club accounts reported today they are ready to send out amounts totalling approximately \$1,050,000. The fifth bank said its club is still open and it will be impossible to estimate the total club checks to go out until next week.

The Kingston Trust Company reported \$470,000 in its Christmas Club accounts and its central branch and an additional \$100,000 at its main office. The National Ulster County Bank of Kingston reported \$80,000 in Christmas Club accounts, and the State of New York National Bank reported a total of \$200,000. These three banks will mail checks on November 21.

The Rondout National Bank reported a total of \$200,000 in its Christmas Club accounts. Checks will be mailed by this bank on November 28.

The Rondout Savings Bank said it has a Christmas Club but will not be able to release the estimate of its total until the club closes next week.

Work on the Catskill Thruway from Route 23A near Catskill to the point where it will join Routes 212 and 32 at Saugerties is completed to within about one-fourth of a mile from the site of the Saugerties interchange, the office of J. S. Bixby, state engineer, at Poughkeepsie, said today.

Travel over the route, on which a contract was let a year ago today, is not expected before early next year, however, an engineer said.

Two lanes of concrete, one 12 and the other 13 feet wide, are completed for nearly the full length of the section listed in the present contract, and in compliance with a general state policy in building the superhighway, a provision is made to add another 12-foot lane when traffic requires the extra width.

The interchange at Malden is expected to be completed this year, but it is unlikely that a section of the route from that point northward will be opened until other work on the southern end of the stretch is completed.

The construction along a narrow, winding section of Route 9W from Saugerties to Catskill will be completed and most of the heavy traffic will be over the new route when it is opened.

Engineer Bixby announced several weeks ago that a contract, which would be let early next year for the stretch southward from Saugerties to Kingston.

No More Taxes, Dewey Says
Of Planning for '50 Budget

Albany, N. Y., Nov. 10 (AP)—Governor Dewey indicated today that New York state's budget for the next fiscal year might reach a record high. He said he was "determined" to balance it without new taxes.

Dewey called his cabinet and his legislative fiscal leaders to a conference today (at noon) to discuss the 1950-51 budget.

Before the meeting, he let it be known that the state's outlay for next year—a gubernatorial election year—might top the record \$396,200,000 budget of the current fiscal year, which provoked a Republican revolt in the 1949 legislative session.

Dewey, at a news conference, gave no figure for the budget he will propose for the fiscal year beginning next April 1.

He said "I am determined to balance the budget without new taxes."

Quirino Is Ahead
As Tardy Returns
Arrive in Manila

President's Lead Gains
Slowly Over Laurel,
Avelino; Like to
Stretch Jobs

Manila, Nov. 10 (AP)—President Elpidio Quirino's lead over two opponents mounted slowly today as tardy returns filtered in from Tuesday's presidential election.

Unofficial returns at dusk gave Quirino 1,123,940 votes. Training him was Jose Laurel, favored by leftists and critics of United States and Philippines policy, with 901,833. Jose Avelino, third party candidate, had 239,813.

The official count from the Commission on Elections tagged at nightfall with reports from only 312 of the Philippines' 1,212 municipalities, the official returns stood at: Quirino 525,333; Laurel 333,479; Avelino 105,364.

A survey by the Associated Press showed that only seven of the country's 21 cities had completed their vote tallies and reported officially to the Commission on Elections. Of 50 provinces, 15 still had sent no official count to the commission. Six others reported only fragmentary returns.

Forty-eight hours after the election Quirino was not inclined to issue a victory statement. Nor was Nationalist candidate Laurel in a mood to concede defeat.

Answer Is Given

Oldtimers who have watched the slow pace of election returns in these islands since 1935, when it became a commonwealth, had established government poll officials who are on a daily pay system like to stretch out their jobs at five to 15 pesos (\$2.50 to \$7.50) a day as long as possible. These sources pointed out that official counts are always slow for that reason.

The Nationalist party had another explanation. In a statement tonight, veteran party President Eugenio Rodriguez said "We still hope that excluding illegal votes our candidates will emerge victorious."

He said the Nationalist party would respect the will of the voters who cast their votes freely. But he insisted "We will question illegal votes manipulated by a few unscrupulous leaders who want to make it appear they have won when in fact their bogus victory was achieved through flagrant disregard of constitutional processes."

The City of Manila, where Laurel received a majority of 38,000 votes, was not included in the official tally because returns from two precincts had disappeared. There was no telling how long the count would be held back. Police said they were unable to find the missing ballots.

The government made a concerted effort to reduce the official casualty tolls. They said several election day ambushes were non-political. The constabulary said actually there were only eight killed and nine wounded in Tuesday's voting strife. Previous reports had 26 killed and nine wounded and a report 78 Marcos were slain in Lanao. The constabulary chief denied the latter report.

There was no wave of post-election violence and as time lengthened it appeared less likely to develop although tension had been high only a few hours earlier. Police and army chiefs had informed Quirino that security measures had been taken to prevent widespread disorders.

Vienna, Austria, Nov. 10 (AP)—Press reports said today Ferdinand Daukic, ex-coach of the Czechoslovak national soccer team, has fled to Vienna. Daukic, formerly one of Czechoslovakia's most popular athletes, had been in charge of the Czech national team until early this year, when he and his wife were arrested on spy charges.

Washington, Nov. 10 (AP)—John L. Lewis today snubbed the government's bid to a coal peace conference and Cyrus Ching, federal mediator director, said he was dropping his efforts to smooth the way to a new mining contract.

Ching went to the White House and reported that Lewis, instead of showing up for the peace talks scheduled for this morning, had sent a wire saying he would see the mediators on Monday.

When he left the White House, Ching told reporters he would tell the mine owners here for the conference to go on home.

He said he had other plans and would be too busy to see Lewis on Monday.

Smile Meeting

Washington, Nov. 10 (AP)—John L. Lewis failed to show up today for a coal peace conference called by the government. Instead, he sent a terse wire saying he would see the federal mediators on Monday.

It amounted to a sharp slap in the face to Cyrus Ching, federal mediator chief. It left him, too, pretty much in the position of the person when the bride-to-be doesn't show up for the wedding.

Ching was there, turning. The soft coal operators were there, turning. But no Lewis.

In fact, it was something of a mystery where Lewis was. Aides of the bushy-browed union leader with the flair for the dramatic said they did not know.

First, he fired a telegram to United Mine Workers headquarters asking Lewis for "clarification." But he didn't even know whether Lewis would see it.

Then Ching delivered a report to the White House that Lewis had only turned down a bid to a peace conference.

Ching called for his car and sped to the White House himself to make the report.

While he was traveling there, president Truman was holding his regular Thursday news conference.

The Lewis-Ching situation had not come to light and the questions to Mr. Truman did not deal with it.

The president was asked what might be the administration's next move in the coal situation.

He wouldn't say about that.

Nor would the president comment on Lewis' order of yesterday sending the coal miners back to work for three weeks.

Instead of a comment, the president said of Lewis: "He's on the last page of the Washington Post. Take a look at it."

The Post picture was an AP wirephoto of a gloaming Lewis in Chicago.

About 45,000 persons filed past the coffin. Cerdan was killed in the crash of a transatlantic plane in the Azores Oct. 28. He was on his way to New York for a bout with Jake LaMotta, to whom he had previously lost the title of world lightweight champion. Cerdan, son of Spanish parents, operated a cafe in Casablanca.

W.C.T.U. Issues Official Report For State Parley

The following is an official report submitted by the W.C.T.U. concerning the recent state convention in Syracuse:

(Official Report)
The W.C.T.U. has completed its 75th year of continued service in the interest of humanity, and the advancement of the Kingdom of God, through its Gospel of Temperance. All over the nation meetings have been held celebrating the "Diamond Jubilee" of this great Christian organization. New York state held its convention in University Methodist Church, Syracuse, Oct. 13 to 17. Thursday night was welcome and reception night. Many of the leaders in educational, civic and religious life, brought greetings from their respective groups, as well as the ladies of Onondaga county who were the hostesses. A reception for about 500 followed in the spacious parlor of the church.
Friday night Miss Helen G. H. Estelle, state president, gave her annual address when every president, local and county, was

addressed in white, and marched in a body to seats reserved for them. There were more than 200 in the line of march.
The topic of the president's address was, "Is the Young Man Safe?" It was a great challenge for the New Crusade which will center about the children and youth. Quoting Miss Estelle, "The Woman's Christian Temperance Union will seek to assure the safety of our youth by calling on our law makers to give as much protection from the narcotic alcohol, as they do from other habit forming drugs."

Saturday afternoon and evening was given over to the work of children with Mrs. Eulalie B. Aldrich, general secretary of the Loyal Temperance Legion, and Miss Florence Franke, secretary of the Youth Temperance Council, both of whom gave a splendid demonstration of the work with young people.
In the evening a speech contest was held. Four young women and one young man competed for the diamond medal. The award went to the young man, his topic was "I Am An American."
Sunday morning the convention sermon was given by the pastor of the church, the Rev. Wilson G. Cole, D.D. His topic was "Blow the Trumpets." It was an earnest appeal for advance in the work of

the Kingdom of God, by helping to eliminate those things that tear down and hinder the progress of Christianity, and the building of a better world. In the afternoon, Dr. Edwin T. Dahlberg, pastor of the First Baptist Church, gave a soul-stirring address, telling that the W.C.T.U. must give itself for new action. He emphasized three important steps, education, legislation and religion, which must be continued for a great revival of the temperance movement which is already being felt. "Today," he said, "there is almost an evangelistic zeal at the heart of the liquor traffic, and copywriters for liquor advertisements are notified that there is a strong and militant prohibition movement in the country, and dry sentiment is moving across our land, as we have seen in several places. The liquor people call it a tragedy, but we say, let us have more such tragedies." Bishop Wilbur E. Rammer, president of the Methodist Board of Temperance, was the Sunday evening speaker. His topic was "Our Christian Concern." He made an appeal that all take more interest in the state and national affairs by writing to the senators and representatives so that they will know how we feel about these things of vital importance to living. He called special attention to the Langer bill, which has to

do with liquor advertising on radio and magazines. This bill will have a hearing January 12 and 13. The convention closed Monday night with a banquet held in the Masonic Hall. Mrs. D. Leigh Colvin, national president, was the speaker. She took as her topic, "We Dare Do No Less." She told of the amount of money being spent for beverage alcohol, nearly 10 billion last year with only 13 million returned as revenue, while it costs 65 million to care for those who, through the use of alcohol, have committed crime or accidents on the highways; insanity, and other major offenses, say nothing of the broken homes, as a direct result of its use.

The convention requested Gov. Dewey to appoint a commission to investigate the cost of the liquor traffic to the taxpayer for crime, poverty and insanity, in our state, through the use of beverage alcohol. Mrs. Colvin closed by saying, "We dare do no less than protect our youth from the ravages of the drink evil."

G.O.P. Disagrees

Philadelphia. It backed a losing candidate for mayor in Buffalo. The C.I.O. supported the losing candidate for mayor of Detroit and the A.F.L. backed Elmer H. Wene, losing Democratic candidate for governor of New Jersey, while the C.I.O. attacked Wene for his tie with Jersey City political leader Frank Hague. Jack Kroll, director of the C.I.O. Political Action Committee, summed up the election results this way:

"I think it is reasonable to expect that members of Congress at the next session will keep in front of them the Nov. 8 returns and push forward the Fair Deal program of health legislation, repeal of Taft-Hartley, broadened social security coverage, civil rights legislation, and the other measures necessary for the security and welfare of the people." Joseph Korman, director of Labor's League for Political Education, an A.F.L. group, said in a separate statement that the elections "demonstrated beyond a doubt that the election victory of

1948 was not an accident." Michael J. Kirwan, chairman of the Democratic National Congressional Committee, said in another statement that the elections "placed the Democratic Party in a most favorable position as we approach the 1950 campaign." "We have tried to represent the people," he said, "and they have given our party a real vote of confidence." Plywood is used extensively in the construction of motion picture sets.

Houlihan Loses Right Index Finger

Lawrence Houlihan, 14, son of Mrs. Thomas Houlihan, of Morgan Hill, lost his right index finger when his shotgun accidentally discharged about 2:30 p. m. Wednesday, the sheriff's department reported. Leonard Belmore, county identification officer, and State Trooper Heywood Rasmussen said the youth told them at the Kingston Hospital that the wound was accidentally self-inflicted. The boy's 410 gauge shotgun was found in the woods behind his home after a search, state police said. A load of No. 6 shot had hit the boy's right hand at close range, severing the index finger and lacerating the thumb and middle finger, the sheriff's office said. At Kingston Hospital this morning, authorities reported young Houlihan's condition as "good."

No More Taxes

mates of \$229,000,000, excluding an additional \$23,000,000 from this source which is earmarked for payment of the state's veteran bonus. But, he added, "business incomes have declined."

"With those injuries to the state revenues on one side, we have rising relief bill," he declared.

Dewey said that budget requests from the State Welfare Department for next year would be larger than last year, when the department asked for \$186,000,000.

He said that because of an increase in pupil population the bill for state aid to education would be "about \$3,000,000 more (next year) than present estimates."

Dewey asserted that the state would be required to pay into the state retirement fund about \$4,000,000 more in the coming fiscal year than in the present one.

The Governor said "it is going to be necessary to prune other things." He emphasized that the increased costs expected in the coming fiscal year were "not those of running the government."

Dewey's discussion with newsmen of budget matters was the first of a series of news conferences to be held before the legislative session in January.

In the course of these conferences, Dewey and his aides are expected to unfold the administration's position on the 1950-51 budget and on taxes.

Dewey's meeting today with fiscal aides was preliminary to sessions the Governor will hold with heads of various state departments on the budget, beginning next Wednesday.

Invited to today's meeting in the executive chambers were Assemblyman D. Mallory Stephens, chairman of the Assembly Ways and Means Committee; Chairman Walter J. Mahoney of the Senate Finance Committee, one of the leaders of Republican tax revolt this year; and John E. Burton, state budget director.

Republican . . .

paign for Dulles as though his (Dewey's) political life depended on it. They argue that it did—and that he lost.

Dewey, however, has bounced back before from stiff political defeats.

Hanley Has Ideas

Hanley, despite his years, is believed to have definite ideas concerning the governorship. He reportedly turned down a chance to run for the Senate in 1946 with the hope he would become governor if Dewey were elected president in 1948.

Many Republicans wanted Hanley to run for the Senate this year, but he flatly rejected all overtures.

Dewey and Hanley, who are friendly, are not quite as close as their No. 1 and No. 2 positions on the 1946 ballot would indicate.

Some Dewey sources say that Hanley "has his own ideas" about 1950.

They concede that the old political warhorse could be a decisive factor in the 1950 G.O.P. state convention—"if it were not controlled." The implication is that a sitting governor can control a convention.

It is no secret that Dewey holds a tight rein over the G.O.P. state organization, despite grumblings and resentment in some party quarters.

Senator Wicks was not available for comment today. He has left for a vacation in the south to rest after the vigorous part he took in the recent election campaign, before going back to Albany for the next session of the Legislature in which he will figure prominently as Senate majority leader. Senator and Mrs. Wicks will return to Kingston, December 1.

Thanksgiving Proclaimed

Washington, Nov. 10 (AP)—With a boost from two Plymouth, Mass., youngsters, President Truman made it official today that Thursday, November 24, will be Thanksgiving Day. Louise Marie Gayoni and Seth Arvid Kallio, Plymouth High School students attired in Pilgrim costume, presented Mr. Truman with a piece of the Plymouth rock at a White House ceremony. Then he signed his annual Thanksgiving Day proclamation. The proclamation calls upon the

American people to observe the day by going to their accustomed places of worship and giving thanks to Almighty God for the blessings which have signified our lot as a nation. It says "we are thankful that our resources enable us to aid the peoples of other countries in the furtherance of economic well-being and security."

Austria's principal rivers are the Danube, Inn, Enns, Drau, Ill and the Mur.

Today's Business Mirror

By SAM DAWSON

New York, Nov. 10 (AP)—Peace in the coal fields and steel towns should lay the specter of a sorry Christmas for countless citizens. But how far into the new year the happy days will last is another question.

Men who feared they would be laid off before Thanksgiving, now rest easier. Many now out of work expect soon to be drawing pay again—already the trek back to the railroad shops and yards has started.

But, a gloomier edge a little higher in many industries. In others labor seems to be winning its fight for pensions. In some, workers will be taking home a little less money, as they contribute toward their future security. In general, however, total purchasing power should be high.

Industrial production should snap back from the low to which the strikes brought it—the Federal Reserve Board says its industrial production index hit around 162 per cent of the 1935-39 average in October, down from 172 in September. Weekly earnings (as distinguished from mere hourly wages) will rise again, before it is time for the Christmas shopping.

Prices will be under pressure from increasing production, costs in some industries. Steel men are predicting higher prices "unless demand goes to pieces," although labor insists that pension costs could be met out of profits without having to hike prices.

But there is great drag on prices, too—all but a few products are in plentiful supply. Only the cutback early this year in manufacturing and in purchasing by retailers has held supply and demand in balance.

Profits for business and industry as a whole will be lower this year than last, and most companies seem reconciled to the prospect of slightly lower earnings next year than this. (That whopping General Motors profit was not typical.) But most companies are well over the line into the black. They aren't having it as good as in record-setting 1948, perhaps, but they aren't exactly in the soup line either.

Stockholders at last seem to be coming into their own, too, as well as labor. The G. M. year-end dividend captures the headlines because of its staggering total, but it merely overshadows a host of other, dividend statements—increased payments, year-end extras. And the Federal Reserve Board estimates six million Americans own some corporate stock.

Companies, with their postwar expansion nearly over, are now in a position to pass along a greater portion of their annual earnings to the owners. And this is likely to continue next year.

The stockholder's gain, however, may be the construction and tool industries' loss. A drop of four per cent in building and heavy engineering volume is projected next year by the building

Fishers Are Ousted

Prague, Czechoslovakia, Nov. 10 (AP)—John Fisher and his wife, Elizabeth, Australian free lance journalists who also worked for American and British news agencies and publications, said today they had been ordered to leave Czechoslovakia within three days. The Fishers, who have been here four years, said they knew no reason for the expulsion order because "we have always been known as good friends of Czechoslovakia." They said they were appealing to the government for reversal.

Do You Remember

by
SOPHIE MILLER

My city hall friend sent me old "Daily Express" dated June 4, 1913, which used to be printed right down in Rondout, in the Neiburn Building on Broadway. Although this particular copy has been so ragged I'm going to try and find some complete items, as its torn in small pieces.

Under the "For Sale" I see Dr. O'Leary of 131 Fair street, was selling: Three horses, wagons, harness, blankets, robes, etc. Perhaps he was in the market for one of those new-fangled gas buggies. Who remembers the first car Dr. O'Leary owned and when?

Up-to-Date Manufacturing Co. was advertising crepe de chene, pussy willows and poplin dresses, all colors at \$2.98. Under the \$1.88 assortment they had: now lace, voile, linen and awning stripes valued at \$7.50.

Who remembers when the first vacuum cleaner came to Kingston? I see Stock and Cordis, had a Franti-Premier Electric Cleaner for \$25 with explanation: "Attach this fine pointed cleaner to any electric light socket, guide it with one hand and it gets all dust and dirt from floors, carpets, rugs, stairs, etc." They had special attachments for \$7.50. They also advertised other electric vacuum cleaners for \$15.00.

Residents of Kingston have come forward and given generous prizes for the gymkhana, which will be held at Athletic Field on Saturday of this week. Many beautiful and useful prizes have already been given and they most probably will be still pouring in today. That also of the 1915 vintage. Now what is a "gymkhana," that's a new one on me.

I notice further it has something to do with Co. M 10th Infantry, N.G.N.Y., and notice familiar names in the line-up of "war being declared between the red and blue" with Captain Meagher issuing orders: Cpl. Caslin, Sgt. Dittus and others. So no doubt old Co. M men may remember this "gymkhana."

I see L. Avnet's shoe repairing shop at 92 Broadway, across from the present Downtown Community Center was advertising following prices: "The best old leather used, Ladies' heels, 15 cents, men's heels, 20 cents. Ladies' soles, sewed, 50 cents. Men's soles, sewed, 65 cents. Peerless rubber heels 25 cents."

At that time in 1915 the Parish Livery and Garage was at 121 Broadway and catered to weddings and christenings. They were also agents for the Auburn automobile, and they did car repairing.

Virgil Shader was at 44 East Strand with a full line of groceries and meats; at the time he was advertising for Saturday specials, such appealing items as pork chops, at 18 cents a pound. Fresh cut hamburger steak at 16 cents a pound. Sirloin steak for only 24 cents a pound. Armour's bacon by strip at 18 cents a pound.

Again I find that mysterious word "Gymkhana" from which will quote in part: Cornelius Thorne will act as announcer of the horse show, and athletic events at Cuneo's Field tomorrow. Charles Tappan will sell tickets at the gate, assisted by Grove Webster, III. The mules attached to the army wagon are loaned by ex-Mayor W. P. Cuneo. Automobiles may be parked in field for \$1. The horse show begins at 2 o'clock and brass band will play earlier. Nobody knows who the clown is. Can you guess? He is

the funniest man in Ulster county. It must have been quite an event for it is sprinkled through the paper. Who remembers?

Cut Coffee Crop

Sao Paulo (AP)—Forest fires and a long drought are ruining next year's coffee crop, Silvio Pacheco, of the farmers' association, reported after a tour of the interior areas of Sao Paulo. There are forest fires almost everywhere, he said, and the continued heat has killed flowering coffee plants. He said it has not rained in two months. If by next month it does not rain, farmers told him, prospects for next year's crop will be none. Sao Paulo is the greatest coffee producer in Brazil.

all. A reported crop of seven and half million bars has been estimated now at only five.

Frantic Warning

both buttons and sent the warning messages to both planes. "It would seem so," said Tigner in a low voice.

Tigner said that at no time had the Solovian indicated mechanical trouble or any need for emergency clearance for a landing, although, he said, the fighter came in unusually fast for a P-38.

There also was discussion about the part a third plane may have played in the tragedy. Tigner said a B-25 had been in the area, but

added that he did not think it could have confused the other pilots.

Knows of No 2nd Blast

Washington, Nov. 10 (AP)—President Truman said in response to questions today that he knew of no second atomic explosion in Russia. The President was asked at a news conference if he had any evidence of another Soviet atomic blast like the one he reported Sept. 23. He said there has not been another so far as he knows.

Supervisors Who Will Serve County For Next 2 Years

The Ulster County Board of Supervisors for the next two years will remain dominantly Republican, as it has been for the past two years, twenty-six Republican members and 7 Democratic members.

While the board will stand politically the same as in the past two years, there were several changes in the board members. Jacob J. Donovan of Lloyd, Republican, was defeated by John J. Gaffney, Democrat. David Stewart of Shawangunk was defeated by the Republican candidate, Coroner Jesse McHugh of Wallkill and William Keib, Jr., of Wawarsing was defeated by his Republican opponent, Lawrence D. Craft. In the city of Kingston Stanley J. Petros, Republican, was defeated by his Democratic opponent, Raymond Lindhurst. In the Third Ward to offset the Republican gain in the county to keep the board 26 Republicans and 7 Democrats for 1950-51.

Following is the list of supervisors who will comprise the 1950-51 board:

Reds Say Next War Would Be Fought In North America

London, Nov. 10 (AP)—The Russians suggested today that the next World War, if it comes, might be fought on the North American continent.

Pravda, the Communist party newspaper in Moscow, said in an editorial broadcast by Moscow radio, "not the imperialist rulers of the United States comfort themselves with the illusion that they will be able to conduct the war beyond the confines of the continent of America using as cannon fodder the peoples of Europe and Asia. The days have gone when the warmongers were able to use such tactics to fool the people."

"Americans are beginning to realize more and more that if the warmongers organize a new slaughter of peoples, the grief of mothers, of wives, sisters, and children will visit the American continent."

State Compliments

a chlorinator in the Home, renovation of the lavatories and installation of modern plumbing and stall showers, and all rooms have been painted.

Among the changes and improvements which are noted in the report and upon which the report comments are the following:

Bodies are embalmed and funerals conducted by a clergyman. Paper towels and paper cups have been placed in all washrooms.

Now dishes have been purchased for the entire house. The stairs in the men's building have been repainted.

New light fixtures have been installed. New blankets have been purchased.

All beds have been repainted and many old beds discarded. Gutters and leaders have been replaced on all buildings. All buildings have new roofs.

Anthracite coal is being burned instead of bituminous. A meat slicer has been purchased. A Rock antifungal extractor, a mangle and a Prosperity electric washer have been purchased for the laundry. The laundry rooms have been repainted.

A herd of Hereford cattle has replaced the scrub cows and the farm has 24 Suffolk black-faced sheep, and 450 New Hampshire red chickens.

A new under-block pigery has been built. There are now 43 pigs. A granary has been built and many of the unused small old buildings have been razed. The workshop has been repaired.

A system of exchange labor has been instituted with neighboring farmers. The Department of Health tests water and kitchen utensils monthly. Moving pictures are shown weekly throughout the winter. All fences on the farm have been replaced.

Lewis Shuns . . .

had not been hanging over the unions.

The President, who wants the Taft-Hartley law repealed, said he couldn't say. He suggested that the question be put to management and labor negotiators.

When Ching, headed for the White House, indicated to reporters that he was ready to wash his hands of Lewis, leaving the coal situation on the White House doorstep.

Ching had outlined the newsmen the whole series of events since he asked Lewis and the operators to the peace meeting.

Cyrus Ching, federal mediator, director, had asked Lewis and the soft coal operators to a mediation meeting at his office this morning.

Ching told reporters he had received this reply to his wire to Lewis:

"Ching, Department of Labor, Washington, D. C.
"Your wire, Mine Workers' representation will be your office 2:30 o'clock Monday."

Lewis, Chicago, Illinois.
Ching said he had asked Lewis for a "clarification" because he said Lewis' message "appears not to be responsive" to the federal invitation.

Sent From Washington.
The conciliation service said that the Lewis telegram, although signed Chicago, had been sent from the Washington office of the United Mine Workers.

Lewis and his 200-man policy committee had been in Chicago all week. It was there that he sud-

denly called off the 32-day coal strike yesterday, ordering his miners back to work until Nov. 30.

The Conciliation Service disclosed that Ching received the Lewis telegram late yesterday. The Service attempted then, and again this morning, to get in touch with Lewis, or a Lewis associate, who could clarify and confirm that the wire was genuine and meant what it seemed to say.

Finally, Ching sent a telegram to the Mine Workers' headquarters saying the mine owners were standing by for a conference and that he wanted to hear from Lewis.

Christmas Club

Christmas Club checks will mean the beginning of the Christmas shopping season. As usual, merchants are looking forward to the receipt of the checks and the coming holiday season with its increase in sales.

Christmas Clubs generally are operated by commercial banks. Depositors throughout the year place a small weekly amount in the club account and receive their check for the amount saved about a month before Christmas.

Except for the Roundout Savings Bank, other savings banks in this city do not have Christmas Club accounts.

Recess Is Taken

There were no cases ready in County Court this morning and a recess was taken until Monday afternoon at 2 o'clock.

C.I.O., U. S. Steel Open Peace Talks

Pittsburgh, Nov. 10 (AP)—C.I.O. United Steelworkers and giant United States Steel opened peace talks on a legal level today which might end the most costly steel strike in American history.

Rumors flooded this steel capital that industry leader U. S. Steel is making an offer to put its 170,000 workers back in the mills across the country.

There was no official comment from either big steel or union President Philip Murray. But a meeting of lawyers for both sides during the morning made it plain they are exploring the possibilities of a settlement.

Chief negotiator John A. Stephens, U. S. Steel vice president, stood by as did union authorities. Steelworker teams were on hand for a time but were told to go home and report back at 3 p. m. (E.S.T.).

"Big steel and the union heads were expected to get together before the day is out. Lending credence to prospects of a break was a union call for meeting of its powerful wage policy committee tomorrow—possibly to consider a settlement.

A peace pact with U. S. Steel would mean virtual end to the costly 41-day strike by the steelworkers for free insurance and pensions as recommended by a presidential board.

U. S. Steel is the only one of

Dewey Says . . .

the four top producers still holding out. It led industry's fight against footing the welfare bill.

393,000 votes out of 5,000,000 in an off-year, with heavy local contests in Democratic areas and few in Republican areas.

"Mr. Lehman had two lines on the voting machine and the support of three parties against Mr. Dulles' one line and one party."

"2. Senator Dulles ran ahead of his ticket in every county of the state except Buffalo."

"Dulles trailed others in the G.I.I. ticket in Monroe county, including Rochester."

"3. Senator Dulles carried the state by a huge lead of 50,000 in an off-year and lost the vote state by less than two per cent of the total vote."

"4. The result of the senatorial election is a setback and not a gain for the policies of the national administration, since Senator Dulles ran well ahead of local tickets all over the state."

Union Chiefs Plan Political Alliance

New York, Nov. 10 (AP)—A.F.L. and C.I.O. leaders here are reported planning a possible long-term alliance for political action.

The move stems from the unified drive of the major labor groups in backing the successful candidates of Mayor William O'Dwyer and Senator-elect Herbert H. Lehman in this week's election.

It was the first time the A.F.L. and C.I.O., together with the independent Railroad Brotherhoods, had joined forces on an organized basis in a major political campaign.

Steering committees representing the A.F.L. and C.I.O. are expected to meet within the next month to draw up plans for a year-round political organization.

Both sides are said to feel the new group should not function as a third party, but to put labor's support behind candidates with acceptable records and programs.

David Dubinsky's International Ladies Garment Workers Union, A.F.L., which remained aloof from this fall's joint labor committee, recently will stay out of any new combine, the reports said.

Submarine Proceeds To U. S. Naval Base

Groton, Conn., Nov. 10 (AP)—The submarine Tusk, damaged yesterday in a collision with the supply ship Alderbaran in maneuvers off Labrador, today was proceeding under escort to the U. S. Naval Base at Groton, New London.

A destroyed is accompanying the damaged undersoon craft, a submarine base spokesman said. He declared there had been no injuries or loss of life in the accident.

The Tusk, commanded by Commander Robert K. P. Worthington, 31, of Oakmont, Pa., floundered in the dramatic rescue of the crew of another submarine which exploded and sank off the coast of Norway last August. Worthington directed the rescue.

The Tusk was struck by the Alderbaran yesterday as she was enroute, the spokesman said. Her radar and radio antennae were carried away by the collision, and her communications facilities knocked out.

The Alderbaran reported no damage was done to her.

The ramming was reported to have occurred 175 miles off Newfoundland during a gale which whipped up towering 40-foot waves. Because of weather conditions the time of the Tusk's arrival at Groton was uncertain.

Fireman Takes Fire To Village Hydrant

Wurtsboro, N. Y., Nov. 10 (AP)—When water couldn't be brought to a fire last night, a daring fireman took the fire to water.

The Wurtsboro fire truck dashed a half mile up Wurtsboro mountain on Route 17 and found a truck loaded with excelsior ablaze. Insufficient water was available to fight it.

Leaping into the blazing truck's hot seat, Fireman Duke Semonite sped down the mountain. He parked beside the village hydrant, the fire was extinguished in a few minutes.

Port Jervis Man Killed

Port Jervis, N. Y., Nov. 10 (AP)—Wilton H. Cuddeback, 38, a milk delivery man, died Wednesday of a fractured skull six hours after he fell off a truck driven by Lester W. Decker. The truck, owned by the Diamond Dairy Co., was making a turn at an intersection with Cuddeback on the left running board when the mishap occurred.

Isn't America A Wonderful Country!

All over the world today there are people teaching bitterness and hate.

Here in America we have learned to live together in friendship.

For us here at A&P, it has been a wonderful and thrilling experience to get from those with whom we compete day after day such astounding evidence of friendship and respect.

The things that have happened since the anti-trust lawyers from Washington brought suit to destroy A&P have amazed us.

While we sincerely believed that we had earned the friendship of millions of consumers for whom we have provided better food at lower prices, and the friendship of millions of farm families for whom we have provided a better market for their produce, we were not prepared for the avalanche of offers of support.

But most of all, we have to confess that we had underestimated

the fine sportsmanship of many of our competitors all over the country.

Can anyone believe that these competitors would rush to our defense if, as the anti-trust lawyers allege, we had been trying to put them out of business?

We and they have fought hard for business.

There are nearly 350,000 individual grocers competing with us. They have a larger share of the nation's grocery business today than they had ten years ago or twenty years ago.

Many of them do as good a job as we do, and they make it plenty tough for us.

Now, day after day, these same competitors are letting us know that they are in our corner.

All we can say is, thank you from the bottom of our hearts.

Isn't America A Wonderful Country!

Who hollered for Uncle?

Who wants him to break up A&P?

COULD IT BE INDEPENDENT GROCERS? Doesn't seem likely. In ten years America's independent grocers almost tripled their business. In 1938 they did just under \$12 billion dollars worth of food business. Last year the independent storekeepers handled over \$15 billion dollars worth of food.

WHOLESALE GROCERS? Hardly. For many of them are directly or indirectly engaged in or supporting some form of voluntary or cooperative chain to match chain economies.

THE EMPLOYEES? That would be funny—except that some folks probably believe it. Actually, less than 25 years ago many food chain stores could have paid all expenses—rent, heat, light, wages, etc.—out of the money a store manager alone gets paid now. And the store manager of 25 years ago would have been happy to get what a clerk gets today.

PRODUCERS? Well, take farmers. Certainly part of their prosperity must be attributed to the markets that big chains create for them. The big chains buy the entire pack of many a canner. Those canneries pack the farmers' crops. What would the farmer do with his highly perishable crop if the food chains were eliminated as big volume buyers?

COMPETING CHAINS, MAYBE? No. Practically every chain in the grocery business had more sales last year than the year before. One chain that we know a lot about increased its food business 21% last year and is up 19% in the first eight months of this year.

THEN IT CERTAINLY MUST BE THE PEOPLE! Like fun. If the people hated food chain stores, would they have spent 9% billion dollars in them last year? Folks like the low prices and high standards of chains—and the better the chains are run, the better folks like them.

Does This Sound as Though We Need Help? Therefore Super Markets came into existence 10 years ago. The food chains therefore replaced were doing about three million dollars worth of business a year. Housewives liked our policies well enough to boost their purchases in our 90 stores to about 30 million dollars a year.

We call that a vote of confidence. And we're going to keep right on proving that as long as we stick to good brands and better-than-average selections at rock-bottom prices, we can compete with anybody in the business. And keep right on growing, too!

We don't believe any chain will be punished for being efficient, or for pleasing housewives so well that it is forced to grow.

We, too, believe that it is a storekeeper's duty to bring the public the best food at the lowest possible prices, and hope to see the chain store way of doing business vindicated.

And as long as the producers, the employees, the customers, the wholesale grocers, the independents and the competing chains thrive so well, we will continue to think it's a good way to do business.

We Don't Want the A&P Put Out of Business

The owner of the undersigned store is an independent merchant in this community. We run our own store, set our own prices, maintain our own policy. We consider the Great Atlantic & Pacific Tea Co. as a chain store. Because they are a chain they give us stiff competition. The competition offered by the A&P keeps us on our toes.

The Department of Justice has brought a suit against the A&P claiming that the A&P is a monopoly.

Whether it is or not we are in no position to judge.

What we do know is that the A&P doesn't do all of the grocery business in this area. We are here and ready to serve local customers.

WE DON'T WANT TO SEE THE A&P PUT OUT OF BUSINESS.

The A&P is keeping food prices down. We in turn keep our prices down; and that helps us to sell more goods.

KUGLER'S
SUPER-FOOD MARKET
PHILADELPHIA, PA.

We Agree With A&P

Yes, we want our A&P competitors to stay in business on their present scale because we know what it would mean to the American people without them.

We are only one store and are striving to serve our community with good food at low prices; but the A&P is a nationwide organization serving the American people everywhere with good food at low prices.

Destroying the A&P would mean eliminating competition nationally in the food field which every poor man knows consumes the major portion of his salary.

We congratulate the A&P for a job well done. Keep up the fight.

We welcome any fair competition which helps us bring lower food prices to the consumer.

A COMPETITOR'S OPINION of The Great Atlantic & Pacific Tea Co.

The self-styled "trust busters" of the government recently made head-destroy the A&P.

Frankly, we don't like it. A&P is charged with having control of SOME of the production and processing ends of the food business. As a result, they can offer foods at low prices.

So What...

And if monopoly of the food business is charged, that sure hands us a lift. We... at P.P.M. are growing like wildfire. Seems like we're able to sell better foods at better prices.

Your increasing patronage of our stores is positive proof that A&P has no monopoly on the food business. Let's get down to good old American horse sense. A&P is doing a good job of serving the people of this country. They're no bogey men. We are for them 100% in this controversy.

I Welcome A&P Competition BECAUSE

- • • • • like myself, many hundreds of independent grocers got their start with the TEA COMPANY.
- • • • • The great A&P is not detrimental to the progress of the grocery business. On the contrary, A&P has always been beneficial to any open-minded businessman who believes in FREE ENTERPRISE. Founded on the principle of FAIR PLAY and FAIR PRICES, A&P developed from a humble start to its present commanding position in the field of retail merchandising.
- • • • • My experience as a former employee of the TEA COMPANY has served me well. I attribute my success to the ideas and methods tried, tested and proven by the A&P stores—at a great cost.
- • • • • A&P upholds the rights and privileges of a good worker. I know this from personal experience. A&P is ever on the lookout to promote sincere and ambitious employees to trustworthy and important positions and has never crossed the efforts of any employee to enter into business for himself. A&P helped me to start in business. IS THAT AN ACT OF A COMPANY MONOPOLIZING THE GROCERY BUSINESS? NO!

A&P taught me to serve the public BETTER—MORE ECONOMICAL and MORE EFFICIENT, thanks to the start given me by B. F. VINSON.

The Anti-Trust Suit Against The Atlantic & Pacific Tea Co.

This suit is another threat against our great American system of free enterprise. The A&P Co. has always been clean, above board competition and any successful independent merchant, if he is honest, will admit that they have taught him a great many things regarding merchandising, reducing overhead, better buying, etc., thus lowering food costs for the great American Public.

Regulations Continue
Ottawa, Nov. 10 (AP)—Government regulations limiting Canadian tourists to spending only \$150 a year on trips to the United States will be continued. The

Canadian Finance Department said last night the limit on vacation spending to save scarce U. S. dollars will be continued for another year at least. Under the order each Canadian traveling

outside the Dominion on pleasure can buy only \$150 annually in U. S. currency. The department said the regulation does not apply to travel in the sterling area and most countries of western Europe.

Colombia Decrees State of Siege in Pre-Voting Move

Bogota, Colombia, Nov. 10 (AP)—Colombia's Conservative government has decreed a state of siege and suspended all sessions of the Liberal-dominated Congress in a move climaxing weeks of pre-election clashes in which hundreds reportedly have died.

Censorship of press and radio also was ordered by President Mariano Ospina Perez.

The state of siege was proclaimed last night after troops cordoned off Colombia's capitol building and stood guard throughout the country to suppress any further outbreaks of the bitter fighting which has raged for the past month between Liberals and Conservatives.

The president also suspended sessions of departmental assemblies and municipal councils.

Widespread rumors of assassination attempts against political leaders were denied officially by the national radio.

Many business places in the center of the city closed early yesterday afternoon as troops began moving through the streets.

Earlier yesterday the government imposed a 9 p. m. to dawn curfew in Bogota and in Cali, Colombia's fourth largest city, to keep everyone off the streets at night.

Speculation grew that the army might take over power from the civilian government to curb the bloody outbreaks. Such action might postpone the balloting scheduled Nov. 27 to name a successor to Conservative President Mariano Ospina Perez.

Though Bogota has been free of political violence recently, party newspapers in recent weeks have reported a steadily rising wave of hard fighting between groups of Conservative and Liberal partisans. Each party blames the other for the fighting.

Press accounts put the death toll at more than 500 in the last two weeks of October alone.

The Conservatives so far have appeared determined to hold the election on schedule, with Laureano Gomez as their candidate. The Liberals have said they will boycott the voting. They charge the government has not preserved order and any election now would not be a free vote.

Though President Ospina and his government are all Conservatives, the Liberals have a majority in both Houses of Congress. Their leaders have threatened to push through a proposal for a four-man, provisional government to succeed Ospina when his term ends next May 5.

Ospina won his post in 1945, due to a Liberal party split which gave Colombia a Conservative president for the first time since 1930.

Harrisburg, Pa., Nov. 10 (AP)—A smile was worth a bright silver dollar in Pennsylvania's state capital today.

The Harrisburg Optimist Club posted members along downtown streets to give away \$1,000 to passersby wearing the biggest and the broadest smiles.

"The only requirement," explained Optimist President David Porter, "is a great big smile. This is one day we hope there won't be a frown in town."

Standing at strategic street corners, Optimist members handed out certificates to pedestrians with the broadest smiles. Each certificate was exchangeable for a brand new silver dollar.

Deer Is Set Free; Jumped Into House

Glens Falls, N. Y., Nov. 10 (AP)—A frightened deer, which jumped through a window and dashed around the collar of a house for five hours, presumably is back in the woods to stay.

Gamo Protector Murray Brannell lassoed the young doe yesterday and ended her city visit by escorting her to the woods near Lake George. The animal was not hurt seriously.

The 60-pound doe apparently was chased into the city by dogs. She raced across several yards in the northern residential section, then plunged through a 15-inch square window in the home of Mr. and Mrs. Housie A. Weaver.

Mrs. Weaver found the doe crouching the cellar wildly. No one could get near until the animal had tired herself out.

America's Card Authority
Written for NEA Service
No visit to the Cavendish Club in New York would be complete without a hand from Howard Schenken and today's hand is one he gave to me the other night. One of Schenken's greatest as-

sets is his personality. He is very quiet, but daring and resourceful. He is very considerate of his partner and he never puts too great a problem up to him unless he is quite sure he can figure it out.

In this particular rubber, Schenken's opponents had been holding all the cards and he was behind. As the bidding on today's hand proceeded he knew that they had a pretty sure slam. South's jump to two hearts after passing indicated that he had a minimum of five hearts. When North supported the heart bid, Schenken felt sure he had at least four hearts. When North bid seven diamonds and South had shown the ace of clubs, he felt quite confident that now they would make it. There was only one possible chance for him to salvage this hand. That was to give North a chance to make a mistake. In doubling seven diamonds Schenken knew he was only risking 100 points as opponents seldom double a grand-slam contract.

Schenken said he did not think that North had a solid diamond suit. If he could give North the impression that he held a diamond trick he figured that North might easily go to seven hearts feeling that maybe that was a safe contract. Well, you will have to admit it was good gamble.

North fell into the trap and did bid seven hearts, which Schenken doubled. West, Schenken's partner, opened a small diamond which Schenken ruffed. I doubt if there are many rubber bridge players in the country who would have attempted this strategy, but that is the type of strategy which makes Schenken the outstanding bridge player he is.

Man Who Can't Write Passes Bad Checks

Washington, Nov. 10 (AP)—Local police are looking for a man who has succeeded in passing bad checks all over town despite a formidable handicap.

He can't write.

The check-passer is described as being about 75 years old, six feet tall, and clad in faded blue overalls.

Equipped with a social security card as identification, he has been ambling into stores and offering down payments by check on merchandise.

The checks invariably are for much more than the amount of the down payment.

He signs them with an "X."

As Pegler Sees It

of the spurious liberalism. It called for some gizzard in a man to maintain that a Communist and a Nazi were equivalent in those days. But I recall with pride that in the heat of the Pearl Harbor days, a speaker at the Exeter Alumni dinner in New York warned the company never to trust any Communists. They would stab us in the back as soon as they were done using us.

Donald Ogden Stewart, of Hollywood, a notorious fellow-traveler, was on the list as a humorist, but he blew his wig and squawked the Red jargon of the hour, warning the alumni against Fascists disrupting "unity." I recall this with pride because I was the speaker who jabbed a butt in Stewart's eye that night. And I can look down on the superannuated hand brothers, learned and A.N., judges both of the Circuit Court

of Appeals, who were there at the head table, because they have given the Communist treachery great aid and comfort with split-second decisions, which men of better mind would have decided in favor of Americans.

Arthur Bliss Lane, the ambassador to Poland, was so horrified by the betrayal of American trust by the Muscovites in Warsaw that he quit to write a book exposing Roosevelt's treachery. The Rape of Poland, the seizure of her eastern march up to the old Curzon Line, as ratified by Roosevelt, was the same partition that Hitler had agreed upon with Stalin. Roosevelt sanctioned the Russian seizure of Polish territory by force of arms after he had got his country into the war to rebuke the Japanese seizure of Chinese territory. The victim here was "brave Poland," the first country to stand against Hitler's aggression and, to cap it all, Roosevelt, in his "great, successful efforts at friendship," turned over all the rest of Poland

to a Muscovite Quisling government. Can any honest man believe that Roosevelt was fool enough to be taken in by Stalin—Roosevelt, the master politician, the great brain?

Now we find Lieut. Gen. Walter Bedell Smith, after three years as ambassador to Moscow, whining bravely about indignities. This is the fellow who, in the Pearl Harbor investigation, could give only an indistinct version of his conduct as secretary of the general staff in Washington in the last fatal day before the Japs hit Pearl Harbor and killed 3,000 Americans. They were able to attack unopposed only because Roosevelt, Knox, Stimson and George Marshall held back information that would have put Admiral Kimmel and General Short on warning.

A member of the complaint, apple-polishing clique in the War Department, Smith soon got promoted way over his head and wound up with three stars as chief of staff to Eisenhower in

Europe. They finally sent him to Moscow to try to postpone the price of Roosevelt's wanton cynicism and Truman's earnest stupidity at Potsdam. Now he comes out with the astonishing conclusion that Stalin readmits Lenin's basic theory that a future struggle is inevitable between the Soviet Union and the Capitalist world that endures it.

Brilliant fellow, Smith, though, like George Marshall, a little sentimental as to what went on the day before Pearl Harbor. (Copyright, 1949, King Features Syndicate, Inc.)

Shaving Mugs Are Legal

Salt Lake City, Nov. 9 (AP)—Shaving mugs will be legal in Utah barbershops again after January 1. They have been banned since 1937. The State Barbers' Examining Committee, meeting with representatives of the attorney general and the Health Department, agreed you can't regulate the good old days out of existence.

Refugees Sail for U. S.

Naples, Italy, Nov. 10. (AP)—The first big group of European refugees to sail from Italy for the United States leave today aboard the U. S. Army Transport Marine-Jumper. Among the 475 displaced persons who boarded the transport was a white-haired former official from an Iron Curtain country who begged reporters not to publish his name. "My wife is still there," he said. Some 700 of the emigrants are Jews. The group brings to about 108,000 the number of refugees moving to the United States under the U. S. Displaced Persons Act. The others left from Germany. Nearly 500 will make their homes in New York.

Adams Addresses

to believe without thinking," Adams said. He warned that we are being victimized by slogans. "A slogan is a set of words to make people act without thinking," he said. He differentiated between a logical and intelligent questioning of things and merely becoming "exercised" about a number of things. He said the fact that Americans become "exercised" about so many things is due partly to the fact that newspapers print so much. "If every newspaper in the country should suddenly say, 'I wouldn't say anything for or against Communism, Communism would die in six weeks,' was Adams' theory.

Adams was introduced by Pratt Boice, toastmaster, who briefly reviewed Adams' career. Adams graduated from Cornell University in 1900, and had been engaged in newspaper and magazine work before he entered the university, and during his college years. He was artist for the Bering Sea Fur Commission while at the University, and after graduation he worked as an illustrator and designer.

Entered Forest Service
In 1906, Adams entered the Forest Service of the U. S. Department of Agriculture, in which he served nine years, traveling through practically all of the states. At various times he was also attached to the Office of Information of the Department of Agriculture. He was same editor of publications for state colleges at Cornell in 1914. In 1917 he was director of publicity for the national milk show and dairy products exposition in New York city. In 1923, he was publicity director for the World's Dairy Congress and in 1932 for the International Congress of Genetics. He had made several trips around the world. He has taught at the University of Hawaii and at summer sessions at Colorado State College. He retired in 1946.

During the business session, Mrs. William A. Warren of Hurley was re-elected president of the Ulster County Farm and Home Bureau and 4-H Club Association. William Coy of Clintondale was elected vice-president and Mrs. William Douglas, secretary.

Directors of the Farm Bureau elected for a three-year term were William Coy of Clintondale and Vernon A. Barnhart of Stony Ridge, to succeed themselves, and Michael Moriello of New Paltz to succeed Arthur Kurz, who retired.

Directors of the Home Department elected for three year terms were Mrs. Millard Davis, Mrs. George Schwab, and Mrs. Nellie Sternberg Montagna. Directors for the 4-H Club Department for three years elected Wednesday night were Mrs. Anna Devine, Mrs. John Dummer and Ira Saxe.

Report on Budgets
In reporting on the Association's estimated budgets for 1950, Robert Murray, treasurer, revealed that the three departments will request appropriations from the Board of Supervisors totaling \$82,440. The Home Bureau, with an estimated budget of \$12,392, will request an appropriation of \$11,000, he said. The Farm Bureau, with an estimated budget of \$19,796, will request \$18,200, and the 4-H Club, with a budget of \$10,263.88, will request \$10,240.

The membership report given by Arthur Kurz disclosed that the present time 840 memberships for the coming year have been received by the Farm Bureau, compared with 717 on the same date last year. The plaque given annually for the community making the largest membership gain during the year was presented by James Byrne of the Kingston Chamber of Commerce to Henry Merrihew, chairman of the Catskill Mountains unit. Runner-up for the award was the Gardiner unit and third place honors went to the Walkkill unit.

Mrs. William Douglas reported Home Bureau membership at 1,163. There were 319 new members signed this year, and several new units are forming, she reported. First prize in the unit scrap book contest went to the Plank Road unit. Woodstock, Kingston Day and Lake Katrine were second, third and fourth place, respectively.

Pratt Boice reported the 4-H Clubs now have a membership of 526. New clubs are being organized at Port Ewen, Bearsville, Highland and Saugerties, he said. A special tribute was paid to the 4-H Department on its completion of 20 years of activity in

this county. Two former members, Richard Boice of Lake Katrine, a son of Pratt Boice, and Mrs. Gladys Smith of Peim Yan in Yates county, were present to tell of their early experiences in 4-H Club work. Both highly praised the leaders of clubs for their interest and work with the youngsters.

William Hookey of Lake Katrine, a club leader for 20 years, was presented with a gold pin with diamond setting in honor of his contribution to the youth of the county. The pin was sent to him by the New York Central Railroad and was presented on behalf of the railroad by Pratt Boice, chairman of the 4-H Club Department.

Charter members of the Farm Bureau and Home Bureau were honored; Eliza Keats Young, au-

thor of a history of the Ulster County Home Bureau, was presented with a corsage.

Dramatizations were given by Hurley, Ellenville and Lomontville units.

A large number of other events rounded out the full evening's program: Mayor Oscar V. Newkirk welcomed the members to Kingston; group singing led by Virginia Hoppenstedt, 4-H Club assistant agent, accompanied by Sam Scudder; men's shirts, aprons and other articles made by Home Bureau members were modeled; Mrs. Edgar Clark of the Milton unit explained the beginnings of the unit's "Golden Highway" project.

The oldest school of record in Austria was a monastery school founded in Salzburg in 745.

Graham Returns For Poughkeepsie To Mayor's Office

Voters of Poughkeepsie re-elected Mayor Horace S. Graham, Democrat by a plurality of 360, and favored a proposition on the ballot which will give the community city manager form of government effective Jan. 1, 1952. Another proposition favoring an

annual pay-boost of \$525 for policemen won by 3,842 votes, and although republicans failed to gain top offices they won an 11 to 6 majority in the Common Council. Propositions favoring pay raises for both firemen and policemen in Newburgh won by large majorities. Austria has 13 universities or institutions of university rank with a total enrollment of about 33,000.

Girl Scout Officials Elected

MRS. EVERETT COBY

Mrs. Everett Coby of Nanamoch was elected Ulster County Commissioner of Girl Scouts to succeed Mrs. Ashton Hart of High Falls at the annual county council meeting Monday night. Mrs. Donald Tingle of Port Jervis was elected deputy commissioner. Mrs. Robert Tarsen reported that 113 clothing kits had been sent to Europe and that a letter of thanks had been received from a family in Germany. She also invited the council to sponsor an international tea at her home in Port Jervis in December to which the international friends from New Paltz State Teachers College and all Juliette Low representatives would be guests.

Chaparral Souers, chairman of the camp committee, reported the need for new tent floors in at least 12 of the tents, and asked for donations of lumber and labor for building these items. He also reported on last summer's activities at camp.

Miss Hazel Motz, executive director, and Mrs. Max Chirlin reported on the current cookie sale and urged all scouts to get orders to the office this week-end.

Mrs. Joseph Reis, president of the leaders' club, has been appointed chairman of the recreation group of the new Social Agencies unit of the city.

Mrs. DeWitt Hasbrouck, training chairman, announced that there are seven volunteer trainers in the county: Mrs. Casper Souers, Mrs. Frank Grane, Kingston; Mrs. DeWitt Hasbrouck, High Falls; Mrs. Merrill Archard, New Paltz; Mrs. Louis Smith, Highland; Mrs. George Brach, Mrs. Herbert DuBois, Walkkill. They attended the women's international exposition at the armory, East 34th street and Madison avenue, this week.

The dodo, a defenseless clumsy bird found on Mauritius when the island was discovered early in the 16th century, was entirely exterminated by 1651, unable to cope with man's weapons or domesticated animals.

MRS. ASHTON HART

Mrs. Irving West of Wawarsing announced that a new Brownie Troop was being organized at St. Mary's Troop, Ellenville.

Following the meeting a social hour was enjoyed, and refreshments served by Mrs. Walter Tarsen, Mrs. Henry C. Page and Mrs. Tarsen.

Firemen Answer Calls For Two Dump Fires

Firemen answered calls yesterday for two dump fires, a rubbish blaze and a brush fire. Water was pumped from Devil's Lake and 1,100 feet of hose was used to fight the dump fire on First avenue near the city line following a call at 3:30 p. m. The next call at 5:14 was for another dump fire on North street between Union street and Delaware avenue. The brush fire at 6:07 p. m. was in the Hooker street area and the rubbish fire at 7:50 p. m. was on Tremper avenue between Elmendorf street and Albany avenue.

Accused of Shirking

London, Nov. 10 (UP) — Prime Minister Attlee last night accused some workers and managers of shirking in Britain's effort to build up dollar exports which would save her from financial disaster. Speaking at the annual lord mayor's banquet in Labor prime minister urged workers to volunteer longer hours to boost the nation's production. His remarks also were aimed at managers and salesmen, whom he charged with ignoring prospective dollar buyers in favor of home markets and business with non-dollar territories.

All May Attend Dinner Honoring Krom Nov. 17th

The dinner for James M. Krom at the Governor Clinton Hotel, Thursday, Nov. 17, featuring Clyde A. Lewis, national commander of the Veterans of Foreign Wars as guest speaker, is for the public and not just Veterans exclusively.

Announcement to this effect was made today by the chairman of the dinner committee, Peter Keresman, who stressed that all citizens are invited to join in the well-deserved tribute to Mr. Krom who supervised the reception of more than 60 deceased war veterans from foreign battlefields. In his capacity of executive secretary of the Kingston Veterans Association, he also arranged for bearers, color guards and took care of the many other details involved in holding military funerals. His office also requires activity on his part in decoration of veterans' graves on Memorial Day, arranging for parades on that national holiday commemorating those who died in service and ar-

ranging for programs honoring the soldier and sailor dead. Commander Lewis will pay tribute to Mr. Krom and also make an address of national significance. Chairman Keresman said, "Those desiring to be a part of the assemblage honoring Mr. Krom may purchase tickets at the American Legion or V.F.W. home. As reservations are being limited to 300, advice is that tickets be obtained at once. Mr. Krom is an agent of the Prudential Insurance Company and is well-known throughout the city."

Agreement Is Reached

New York, Nov. 10 (AP)—A "friendly" separation agreement today resulted in the withdrawal of a non-support charge against Mayor Stanley W. Church of New Rochelle, N. Y. His wife, Mrs. Eleanor Cederholm Church, a former model, withdrew the complaint in a letter from the law firm of Erdheim and Armstrong to Justice J. Walter McClancy in the Family Court Division of Domestic Relations Court. Mrs. Church had alleged that the mayor, a Democrat serving in a Republican city, had failed to support her and their three children, Jacqueline, 11; Stanley, Jr., eight, and Rochelle, one. Mrs. Church and the children are living with her parents in Glen Oaks Village, Queens.

Volunteers Extend Their Campaign

"The current financial campaign for \$10,000 for the Day Nursery will be extended for another week through November 21. The nursery has received an annual pledge of \$1,000 from a county man who saw the work of the Volunteers of America with the children of the nursery at camp last summer. Contributions may be mailed to Mrs. Herman Knaut, treasurer, at the nursery, 24 Barnum avenue.

According to official records the aggregate attendance at the nursery last year was 8,803 during the 253 days the nursery was operated. Of the eight thousand figure, 4,340 attended free of charge.

Duffy Gets 180 Days

William J. Duffy, 50, of Woodstock was sentenced to 180 days in jail by Justice of the Peace Percy Bush following his arraignment Wednesday afternoon on a charge of issuing fraudulent checks. Sheriff George C. Smith said Duffy was arrested by sheriff's department men on Wednesday on a charge that he passed two worthless checks in the total amount of \$16 in the town of Ulster.

Historic Church Fireplace
Philadelphia (AP)—An old colonial fireplace that once was part of the First Reformed German Church in this country has been uncovered in a long unused stor-

age loft, one-time site of the church. Now the Reformed and Evangelical Church, it was founded in 1727 in a barn. In 1772 it began the erection of an enlarged church. During the Revolutionary War the Race Street Reformed

Church, as it then was known, had an honorable part in the struggle of the colonists for independence. When the British captured Philadelphia, and their troops marched by the church, the ten-year-old son of the pastor,

the Rev. Dr. Casper Dietrich Weyberg, stood on the doorstep and shouted: "hurrah for George Washington."
An average freight car will carry 52.26 tons.

Britishers Are Sensitive
London, Nov. 10 (AP)—Some bald-headed Britishers are so sensitive they even turn down bargain prices currently being offered by London's barbers. The barbers,

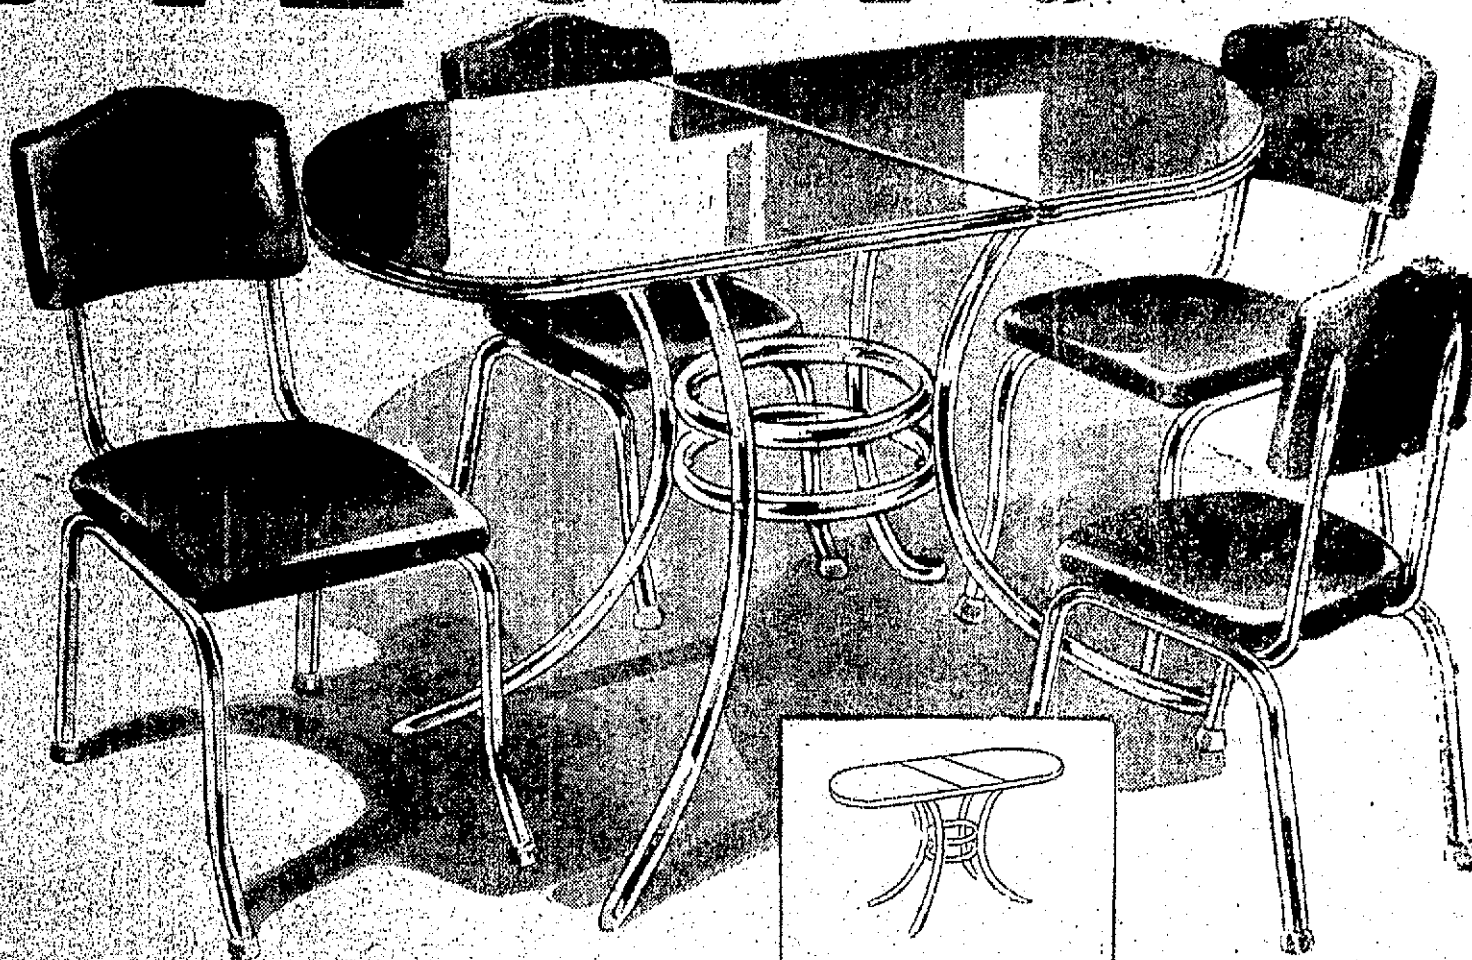

figuring there's not quite so much work to trimming a fringed noggin, have been quietly knocking sixpence (seven cents) off the bill if the customer's head is bare on top. A regular haircut costs two

shillings (28 cents). One men's hairdresser in the financial district disclosed that some of the more vain hairdresses have indignantly insisted upon paying the full price.

Three Rooms for Each In the Supreme Court Building in Washington, each of the three rooms is provided with a state-of-the-art private office, secretary's office, bath and shower.

Missionary Asks
Clemency for Four

Seoul, Nov. 10 (AP)—Dr. Horace H. Underwood, American missionary and educator, today asked clemency for four young Koreans condemned to death for slaying his wife.

The kindly missionary appealed by letter to President Syngman Rhee. The government made public this part of the letter:

"My dear wife had a deep and strong love for Koreans of every class and especially for the young people of Korea. It was her hope and it is our hope that the people of Korea may more and more come to know Jesus Christ and to have—not death—but a more abundant life. It is not our wish that any Korean should die because of us or because of our family."

Dr. Underwood said the slayers deserved punishment "for crimes against the country and against civilized law and order." But he expressed belief the 60-year-old Mrs. Underwood would not want her slayers executed.

Mrs. Underwood was shot by two hooded gunmen at her home last March 17.

Last month nine members of a leftist group were tried for her murder. It was testified the gunmen intended to kill Miss Mo Yoon Soek, Korean poetess and anti-Communist author. Miss Soek was a guest at a tea party.

Five members of the group were sentenced to prison.

Action on Dr. Underwood's letter is not expected before the sentence is appealed to a higher court.

Armistice Day Observance

Washington, Nov. 10 (AP)—Americans observe Armistice Day tomorrow—the 31st anniversary of the ending of World War I. President Truman will lead a long parade of notable to the Tomb of the Unknown Soldier for wreath-laying ceremonies. George N. Craig, national commander of the American Legion will make an Armistice Day address in the Arlington amphitheater shortly after-ward.

Offices Will Close

All offices and departments in the city hall, excepting the police department, will be closed tomorrow in observance of Armistice Day. The recreation department will remain open.

Boy, 4, Is Victim
Of Cancer; Enjoyed
Mountain of Mail

Phoenix, Ariz., Nov. 10 (AP)—An eight-month battle against cancer has come to an end for Bobby Byers.

The four-year-old youngster, who touched a nation's heart with a plea for mail, died in Good Samaritan Hospital last night. He slipped into a coma early in the afternoon and never regained consciousness.

Expressing their thanks, the Byers had to ask that no more be

condition first became known last June after an operation. Prior to that he had only complained of being tired, but finally told his mother:

"Mommy I hurt."

He was placed in bed and one of his greatest joys in life was to wait for the postman.

"Mommy did the mailman leave anything for me today?" He would ask his mother.

News stories of Bobby's wish soon brought response from all parts of a sympathetic nation and some foreign countries. Mail came by the truckload. More than 200,000 pieces had been received when the grateful parents, Mr. and Mrs. H. J. Byers of Phoenix, stopped counting.

Expressing their thanks, the Byers had to ask that no more be

sent. The packages, toys and messages were creating a minor crisis in the post office department. The branch nearest their home had to route the mail through the central office.

Bobby was given only 10 days to live after the operation, but, not knowing he was to die held his own and passed his days much as before. He played with his toys and his dog, and when he didn't hurt too much would tell his mother, "Only sissies cry."

Bobby slipped steadily during the last two months, despite the life he received from his mail. The letters were read to him a few at a time.

When taken to the hospital yesterday his condition was immediately pronounced critical. His parents were at the bedside when his light came to an end.

More Mild Weather Is in Prospect for East

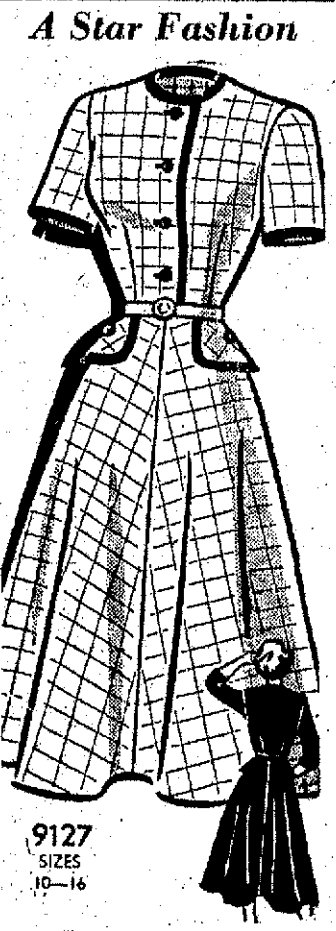

(By The Associated Press)

More mild weather was in prospect for most of the country east of the Rockies today. The Midwest and most of the Eastern and Southern states were in the path of the warm breezes from Mexico and the Gulf. It was on the chilly side in northern New England and rather cool in the Pacific Northwest.

Temperatures in the 60's and 70's were forecast for most of the Midwest, duplicating yesterday's readings. Caribou, Me., reported a low of 19 above early today.

Rain fell in the Pacific coast states, eastward into southern Idaho, with snow at higher elevations.

U. S. Officers Say Russians Arrest Two Yank Soldiers

Berlin, Nov. 10 (AP)—U. S. authorities confirmed today that two American soldiers were arrested last night by Russian military police in the Soviet sector of Berlin.

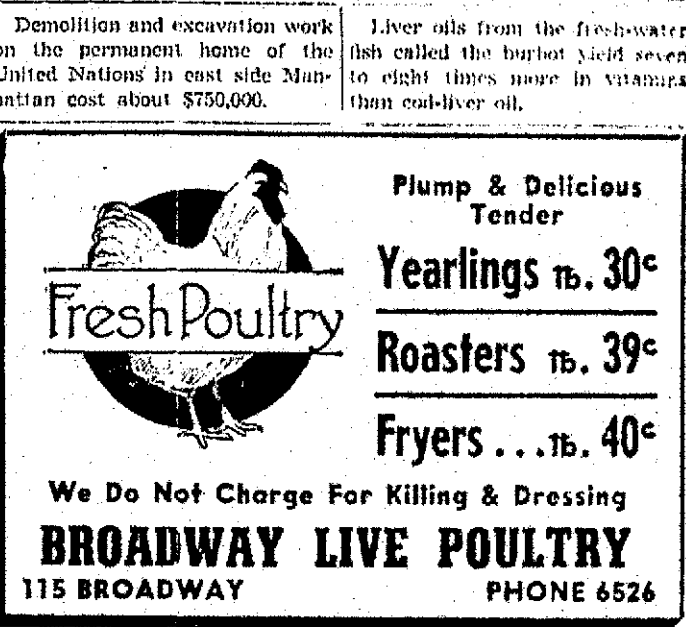

Major James Dixon, of the provost marshal's office, said there were about 20 American soldiers absent without official leave so that the identity of the arrested men is unclear.

German witnesses told the provost marshal they saw the Russian police seize the soldiers at the Friedrich Strasse rail station and take them away in an automobile.

American authorities requested the Russians this morning to release the men. There was no immediate response.

Demolition and excavation work on the permanent home of the United Nations in east side Manhattan cost about \$750,000.

Mice Are Moved To New Institute

Philadelphia, Nov. 10 (AP)—Last night was moving day for a pack of noise-hating, germ-sensitive mice.

While most of this city's residents slept, a cargo of 3,000 specially-bred mice was moved 10 miles from the Lankenau Hospital to a new \$2,000,000 cancer research institute.

Two similar moves will take another 7,000 rodents to their new home tomorrow and Saturday.

The mice—used in cancer experiments—required out-of-the-ordinary shipment methods because of their extreme sensitivity to noise and germs. A big bang or a few microbes might cause their death.

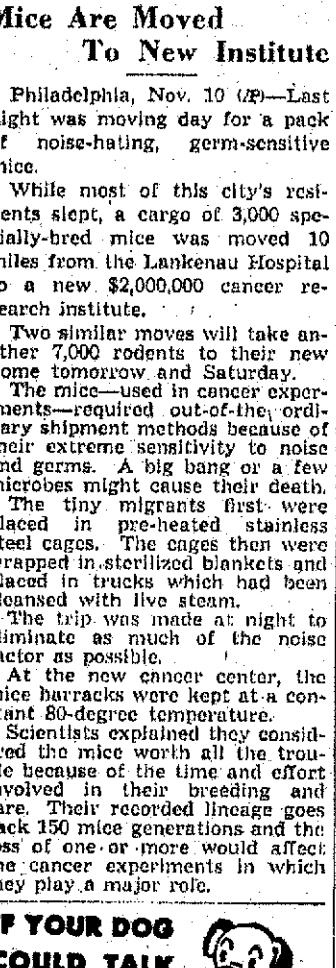

The tiny migrants first were placed in pre-heated stainless steel cages. The cages then were wrapped in sterilized blankets and placed in trucks which had been cleaned with live steam.

The trip was made at night to eliminate as much of the noise factor as possible.

At the new cancer center, the mice barracks were kept at a constant 80-degree temperature.

Scientists explained they considered the mice worth all the trouble because of the time and effort involved in their breeding and care. Their recorded lineage goes back 150 mice generations and the loss of one or more would affect the cancer experiments in which they play a major role.

Unpardonable Offense

Tokyo, Nov. 10 (AP)—Tsuneko Ito, 28, was en route to Utsunomiya today for trial in the slaying of her husband. At the way station she leaped from her police guards, stripped off her clothing and plunged naked into the crowd at the station. Her screams and efforts to elude police delayed the train for half an hour. Passengers and police were shocked—not so much by her actions, but by her act. It is an unpardonable offense in Japan to delay a train.

SHOKAN NEWS

Shokan, Nov. 10.—Edna Swenson spent Election Day with her parents, Mr. and Mrs. Edwin Swenson, at the Homer Markle homestead. Miss Swenson, a recent graduate of Hofstra College, is teaching school at Leavittstown, one of the great metropolitan real estate developments.

The Queen Esther Society of the Glendon Methodist Church will hold a special service in the church Friday evening, Nov. 18. The Rev. Mr. Busi has been secured as guest speaker upon this occasion.

Archie Bogart, a native of the old village of Shokan and a resident of Boiceville for many years, is reported to have gone to Long Island to reside. Archie was formerly employed at the Beechford Farms.

Sylvia Bell, daughter of Mr. and Mrs. Millard Bell of Brown's is attending high school in Kingston.

Summer people who came up from New York to vote included Mr. and Mrs. Robert Story and Robert's sister, Mabel Lasher.

Justus North, Democratic candidate for supervisor, made a good showing at the First Election District polls here, his vote being 205 out of a total of 381 for the office. John Foster Dulles, for senator, had a total of 60 in this normally Republican district.

Taking the supervisor poll as a test criterion of the vote, vote here, the question of what happened to 142 of the 523 registered persons is anybody's guess.

The interior of the new firehouse at Ashokan will soon be completed and it is expected the truck (already available) will be stable there all ready for business, before deep winter sets in. The building will be heated by an oil system during severely cold weather.

Clarence Mason, farmer at Camp Tomerida, has purchased a farm in the Ashokan area but expects to remain here for the time being. Clarence, who came to Shokan three years ago from Vermont, formerly owned a farm in the Green Mountain State.

The low state of the Ashokan Reservoir (only a mile from the village) will now supplant the political campaign as chief topic of conversation in these parts. Some claim to have seen the two big ponds much lower, whilst others—mostly newer residents—aver the present water depletion to be the worst yet.

Veterans of the Olive Legion Post have organized two bowling teams and are doing their stuff at one of the big sports centers in Kingston. Some of the boys having done right well at knocking over Japs and Germans.

MT. MARION

Mt. Marion, Nov. 10.—The Ladies' Aid Society will meet tonight at the home of Mrs. Charles Maxfield.

Mrs. Douglas Hersh and Mrs. William Peacock of Lyndhurst, N. J., were the week-end guests of John Tisall.

Job Watkins died Thursday at Duke's Sanitarium. The body was taken to the Maple Grove Cemetery, Queens, L. I., for burial services.

Mr. and Mrs. Norman Swanson and daughter, Karen of Washington, arrived by plane last week for a visit with her parents, Mr. and Mrs. Charles Pearson.

The Mt. Marion Sunday school will hold a cake sale Saturday morning at Connors's store.

The Rev. and Mrs. Frederick Sawitzky entertained Miss Knappmeyer of Woodhaven, L. I., and Mrs. Roth of Brooklyn on Thursday.

The Mt. Marion-Ruby Fire Company card party was a success.

To Speak at Union

Schenectady, Nov. 10.—Dr. Henry T. Moore, president of Skidmore College, Saratoga Springs, will be the speaker at the mid-year commencement of Union College here on January 27. Dr. Carter Davidson, president of Union, announced today. Seventy-nine students will be graduated at the exercises, to be held in the Union College Memorial Chapel. Dr. Moore has been president of Skidmore since 1925. Before that he headed the departments of psychology at Dartmouth College and the University of Minnesota.

'Pay-as-Go' Faces Connecticut Session

Hartford, Conn., Nov. 10 (AP)—"Pay-as-you-use" or "pay-as-you-go" that, in a nutshell, sums up the competing financing methods before the Connecticut General Assembly, in special session to consider a program of state aid for school construction.

Democratic Governor Chester Bowles told the politically-divided Legislature yesterday that "the installment plan method" was the only way the state could pay its share of local school construction

costs without putting the state budget into the red. He advocated a \$25,000,000 bond issue.

Leaders of the Republican-controlled House were quick to assert that they favored school aid too, but insisted the state should pay cash-on-the-line out of current tax revenues. They contended \$25,000,000 was far too much and that the state's share of school building needs which must be satisfied before the 1951 Legislature can tackle the problem probably could be paid for by a \$1,500,000 appropriation.

Woodstock News

Legion Ladies Seek Gifts for Veterans

Woodstock, Nov. 9.—The Woodstock unit of the American Legion Auxiliary is again making an urgent appeal for contributions to the annual Christmas gift shop at Castle Point Veterans' Hospital, Mrs. Wm. O'Brien, rehabilitation chairman, requests that gifts, valued at not less than a \$1.00 be of the kind the hospitalized veterans may send to their wives and mothers. Gifts for children are also acceptable. Articles must be new and nothing breakable should be included.

Since these gifts are to be selected, free of charge, by the men, Mrs. O'Brien asks that the gifts not be wrapped, but that Christmas wrappings attached to the parcel would be most welcome.

All donations should be left in the box provided at Mower's Food Market no later than Saturday, Nov. 13.

In former years, Woodstock has been extremely generous in its support of this annual drive and members of the Legion Auxiliary sincerely hope the same fine response will be forthcoming again this year.

Boxes have also been placed in Mower's Food Market, the Woodstock Food Market, Carey's Delicatessen and Fred's Delicatessen for the convenience of those wishing to contribute.

Republicans Lead In Village Voting

Woodstock, Nov. 9.—With a record number of voters casting their ballots steadily throughout the day, it was again a Republican victory in Woodstock last night, as Kenneth Wilson was re-elected by a wide plurality over Louis Lewis for the office of supervisor. Except for the office of town superintendent of highways, which again went to Howard France, Democratic candidate.

Other officers elected on the Republican ticket were as follows: Grant B. Ewmy, town clerk; Marjorie Harder, assessor for four years; William H. Wilber, assessor for two years; Joseph Fitzsimmons, justice of the peace, full term; Herbert Keefe, town councilman and Edna DeWitt, school director.

Garden Meeting

Woodstock, Nov. 9.—The final meeting of the year for the Woodstock Garden Club was held recently at the home of Mrs. Mack Shalawan at Willow Brook Lodge. Mrs. J. Frank Lynch, president, presided. Programs and meetings for next year were discussed including work on the club project adjoining the Woodstock Country Club property. Mrs. Roland Albis and Mrs. Kurt Sluizer assisted at the tea table.

Dairymen Urged To Seek Self-Help Not U. S. Handouts

New York, Nov. 10 (AP)—Dairy farmers were urged yesterday to go in for "self-help" to finance disposal of surplus milk products and to quit looking for government "handouts."

Addressing the 33rd annual convention of the National Co-operative Milk Producers Federation, Leo H. Benson, manager of State Brand Creameries, Inc., of Marion City, Ind., said:

"Dairy farmers lose too much of their independence when they must look to government for handouts, regulations and the operation of their own programs."

He said surpluses of milk products can be disposed of through school lunch programs, relief work, research and exports.

If farm price supports at 90 per cent of parity are continued, he said, "it is only a question of time until the public gets fed up with the whole program."

Urging dairymen to plan "a realistic program," Benson said they must prepare for the day when they must depend on their own efforts to dispose of their products.

A "holding pool" through which milk producers would assess themselves for any losses incurred in disposing of the surpluses—was suggested by Benson.

Benson said South America is a likely market for dry skim milk, and producers should act aggressively to get the market.

"We cannot expect the government to take aggressive action to find markets for us, but we should rely upon the resourcefulness within our own industry," he said.

Warning of a nutrition peril was given the federation by H. E. Babcock, of Ithaca, N. Y., former chairman of the board of trustees of Cornell University.

He said the United States today has only 14 food-producing animals per person, whereas the ratio should be almost two per person to assure a nutritious diet.

"Food on the hoof," he said, is one of the easiest foods to stockpile without deterioration.

'Stowaway' Goes Home

St. Louis, Nov. 10 (AP)—Eleven-year-old Arthur Briggs was flying back to his home in New York city today—a little miffed by circumstances which he feels may have robbed him of a movie contract. Arthur said he was bound for Hollywood when he was plucked out of a T.W.A. Constellation airliner which landed here yesterday. The boy was termed a stowaway, but he said he sat in a seat during the entire trip. T.W.A. officials were at loss to explain how he slipped into the

Fight Would Prevent Merger of Unions

New York, Nov. 10 (AP)—A legal fight to prevent a merger of the United Farm Equipment and Metal Workers Union and the United Electrical, Radio and Machine Workers was in the hands of a state supreme court justice today.

Both of the left-wing unions were ousted from the C.I.O. early this month on grounds that they refused to abide by C.I.O. policies.

Justice Morris Eder reserved decision yesterday on a motion by Peter Aversa, a Farm Equipment Workers district president, for a temporary injunction forbidding a merger of the two unions.

Aversa contended that a recent Farm Equipment Workers referendum favoring the merger was illegal.

Morton Stavis, U.E. counsel, contended there was "nothing conspiratorial about the referendum" and that "95 per cent of the U.E. locals involved have independently accepted charters from the U.E."

He said Aversa had voted for the merger.

Elk Circus Tickets Ready for Shows On December 2-3

Tickets for the Elk Circus in the state armory, Friday and Saturday, Dec. 2 and 3, are selling at a rate that augurs a full house for performances both days.

Announcement of this was made today by Dr. Harold Mandell, excited ruler of Kingston Lodge, 550, and general circus committee chairman.

"We booked Pollack Brothers Circus for the armory dates because of its fine reputation and recommendations received from other lodges for which it has played benefit shows," Dr. Mandell said.

Other committee chairman appointed by him to help on promotion of the circus are: William F. Edelmuth, general chairman; Joe Dinch, finances; Joe Kelly, publicity; E. Frank Flanagan, underprivileged children; chairman; Albert J. Melville, chairman of ushers; G. D. Logan, block seat chairman; Thomas Bohan, general ticket chairman.

Pollack Brothers have a collection of typical high class indoor circus acts arranged to suit the tastes of all who like circuses, including, of course, a hand-of-clowns to amuse the little folks.

Tickets are on sale at the Elk club on Fair street from 9 a. m. to 6 p. m.

Will Get Their Money

New York, Nov. 10 (AP)—Macy's department store will get back the entire \$50,000 that a clerk admitted stealing through phony cash refunds. The district attorney's office said today the clerk, Hugh Hickey, 58, produced an envelope containing all the securities he bought with the stolen money, including 30 shares of Macy common stock. Hickey then was arrested by Magistrate John R. Sharkey for a hearing next Monday on a grand larceny charge.

Arrested yesterday, Hickey admitted that for several years he had been making out fictitious returned merchandise slips, turning them in for cash refunds and pocketing the cash. He said his health was threatening to force his retirement and he wanted the securities as a nest egg.

Says Coffee Hoarded

New York, Nov. 10 (AP)—American consumers have bought at least 132,000,000 more pounds of coffee than they needed since the steep price advance began five weeks ago, the National Coffee Association said today.

"That's hoarded coffee which normally would be in our green coffee stocks in warehouses," said W. F. Williamson, secretary-manager of the association. "Is it any wonder that roasting firms are as much as six weeks behind on deliveries even although coffee imports are heading for an all-time record?"

Coffee prices all the way down the line, from producer to retailer have reached record highs in recent weeks.

Massachusetts Joins

Boston, Nov. 10 (AP)—The Massachusetts State Boxing Commission announced today it has joined the National Boxing Association. New York state is the lone holdout. Commissioner Samuel M. Flaksman said this step would have no bearing on the recognition of Ezzard Charles as world heavyweight champion since his group recognized Charles after the Wolcott fight.

Will Sell Property

The property of the late Grace Pratt at Cottekill will be sold at auction pursuant to a decree of John B. Sterley, surrogate, at the court house in Kingston at 11 a. m. Saturday, November 12. The premises will be open for inspection Friday from 2 to 4 p. m.

Fred Simpson Dies At Accord, Aged 69

Fred Simpson, widely known and highly respected resident of Stone Ridge, died yesterday at his home. He was born at Accord in the town of Rochester in 1880, son of Eli D. Simpson and Christiana Kelder Simpson.

Mr. Simpson had served the town of Rochester for 18 years as a justice of the peace and throughout his lifetime had taken a deep interest in public affairs of his township and as a true neighbor and friend had won a wide circle of friends through his kindly disposition and his desire to be helpful to his neighbors and members of the community.

A charter member of the Federal Land Bank of Ulster County, Mr. Simpson had served as its president for twenty years. He was also a charter member of the Ulster County Farm Bureau and of the Dairyman's League and was a member of the Stone Ridge Reformed Church.

Surviving is his wife, Adah W. Connolly Simpson, and three children: Marion, wife of the Rev. John W. Tysoe of New Hurley; Mildred, wife of the Rev. Clarence Howard of Mahwah, N. J.; and Helen, wife of Albert Bailey, Jr., of Accord. Seven grandchildren also survive, one, Kenneth F. Rider, residing with his grandparents at Stone Ridge. A sister, Mrs. Russell Trowbridge of Kyserick also survives.

Funeral services will be held from the late home Sunday afternoon at 2:30 o'clock and burial will be in the Pine Bush Cemetery near Kerhonkson. Friends may call this evening and Friday at the Howard B. Hunnison Funeral Home, Kerhonkson.

Bridges Asks Audit

Washington, Nov. 10 (AP)—Senator Bridges (R-N.H.) asked today for a court audit of operations of the coal miners' welfare fund since he has been one of its trustees. When that has been done and his own actions as a trustee have been reviewed, he asked the U. S. District Court here to let him get off the board. Bridges' petition to the court was in some degree his response to a plea by Ezra Van Horn, former coal operator member of the board, to be absolved of any responsibility for the way the multi-million dollar welfare fund has been administered.

Miller Is Publisher

Rochester, N. Y., Nov. 10 (AP)—Paul Miller today was named publisher of the Rochester Times-Union. He also will continue as editor of the publication, which post he has held since last January. In both positions he is successor to Frank Gannett, founder of the Gannett newspapers which controls 21 publications. Gannett said today, "I shall of course continue my activities not only in the Times-Union but in the direction of all our newspapers. No other executive is affected in any way." Miller, formerly an assistant general manager of the Associated Press, and chief of the A.P.'s Washington bureau, joined the Gannett newspapers August 1, 1947 as executive assistant to Gannett.

Fire Cause Probed

Liverpool, Eng., Nov. 10 (AP)—The fire department called in to investigate a £2,000,000 (\$5,600,000) blaze in a dockside warehouse packed with rubber and oil. Firemen waded through foot-deep molten rubber, trying to keep the flames from spreading. At noon, 24 hours after the fire began, a fire department spokesman said it was under control. Dr. J. B. Birch, director of the Home Office Forensic Science Laboratory at Preston, stood by to explore the ruins for the cause of the blaze.

Plan Is Announced

Washington, Nov. 10 (AP)—The Commerce Department announced a "voluntary" plan today to keep important, though non-secret, American technical information from going out to Russia and her satellites. While Iron Curtain countries were not mentioned in the announcement, the aim was obvious. Under the plan, persons or firms thinking of exporting advanced technical data which may be important to national security

Four Firemen Die As Trucks Crash

Baltimore, Nov. 10 (AP) — Four firemen were killed and four injured when two fire engines, racing to answer an alarm, collided at an intersection near Pimlico racetrack in northwest Baltimore yesterday.

"Both of them were really travelling," said a filling station attendant who saw the trucks speeding for the corner. He estimated that only a hook-and-ladder was doing between 50 and 60 miles an hour, while the other, a hose truck was doing about 35 or 40.

"Both of them had their sirens screaming and I guess they just couldn't hear each other," the witness added.

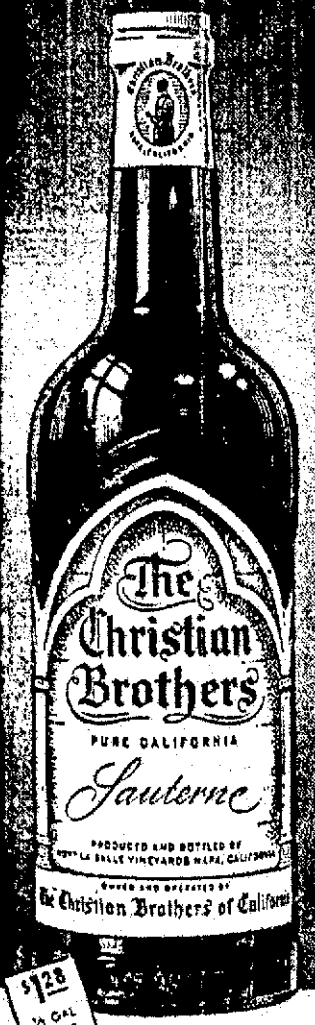

Eight firemen, four on each engine, were hurled through the air by the impact.

The dead were identified as Joseph A. Remick, 33; Charles Pat, 37; James W. Haynie, 26; and Joseph E. Maguire, 25. Injured were William Flanagan, 40; Harry Burke, 38; Joseph H. Greiser, and Kenneth Medley, 32. The fire turned out to be a small field blaze. It was quickly extinguished.

Cool That Battery!

New York, (AP)—Hearing aid batteries should be kept in the refrigerator. That is the caution from one of the country's biggest dry cell battery makers. Winter of

summer, when not in use, surplus dry cell "A" batteries for hearing aids will last longer when kept at about the 45 degree Fahrenheit temperature of the average refrigerator, according to W. S.

Allen, general manager of the electrical division of Olin Industries, Inc. The batteries should also be kept in a tightly sealed glass container which will reduce humidity, he said. It is a good idea

to let a battery rest from two to three times longer than it is used. It has the power to recuperate. A full day's use is the maximum for any "A" battery to be used without rotation, Mr. Allen said.

O'Dwyer Is Honored

Killbuck, County Mayo, Ireland, Nov. 10 (AP)—Killbuck, birthplace of New York Mayor William O'Dwyer, was lit up by bonfires last night to celebrate his

re-election. The mayor's sister, Kathleen, is one of Killbuck's schoolteachers. The ancient Norman capital of Rouen was France's first seaport.

Births

Births recorded by the city registrar for the first part of this month included two sets of twins which brings the total to 15 sets born here to date this year.

Linda Kay and Douglas Calvert were born to Mr. and Mrs. Ronald Stanton, Stone Ridge, at Kingston Hospital Nov. 1, and David Alan and Dennis Benedict were born to Mr. and Mrs. Harold Milton Runkle, also of Stone Ridge, at the Benedictine Hospital Nov. 3.

Other births recorded recently were:

Nov. 1—Alan William to Mr. and Mrs. Samuel Kunst, 155 Smith avenue; Sharon Ann to Mr. and Mrs. Alfred John Brown, 14 Harding avenue; Donald Charles to Mr. and Mrs. Donald Charles Fortin, 533 Delaware avenue; and Charles Joseph to Mr. and Mrs. James Dixon, 13 Meadow street.

Nov. 2—Roger Warren to Mr. and Mrs. Warren Hummer, Richmond Park.

Nov. 3—Raymond Roy to Mr. and Mrs. Charles Roman, Town of New Paltz; and Amy Marie to Mr. and Mrs. Arthur George Sperl, West Saugerties.

Nov. 6—Brian to Mr. and Mrs. Joseph Thomas Stenson, 9 Clifton avenue; and Stephen William to Mr. and Mrs. Elting William Salisbury, Saugerties.

Cruiser Runs Aground

Newport, England, Nov. 10 (AP)—The cruiser, Ajax, victor over the German pocket battleship Graf Spee off Montevideo in the last war, ran aground early today on the mud banks at the mouth of the river Usk. It was her last voyage. She was being taken to a breaker's yard. Plans to be scrapped. It was expected to take a week to refloat her. A skeleton crew is aboard.

President to Make No Gold Price Change

Washington, Nov. 10 (AP)—President Truman said today there will be no change in the value of gold as long as he is President.

The President replied with what he described as a categorical "no" when he was asked if anyone in the administration was giving consideration to raising the price of gold as a means of reducing the national debt.

Any such action would have to take the form of a recommendation to Congress.

The answer to the question, Mr. Truman asserted, is a categorical no. As long as he is President of the United States, he said, the value of gold is fixed.

Greetings Make Page One

Moscow, Nov. 10 (AP)—U. S. greetings to the Russian people made the front page today in Pravda, the Communist party's official organ. U. S. Ambassador Llewellyn W. K. Kirk sent "best wishes" on the occasion of the 32nd anniversary last Monday of the 1917 Soviet revolution. Pravda published 16 similar messages from other foreign governments along with the American note.

Chopin Program Given At Musical Society

In keeping with programs throughout the music world this year the Musical Society opened its series of studies with an all-Chopin program Wednesday evening at the home of the Misses Ethel and Jane Mauterstock, 103 Hone street. The 100th anniversary of the composer's death is being observed this year.

The local society's program was arranged by Miss Lucinda Merritt, Mrs. W. S. Eltinge, Mrs. Lloyd LeFever and Mrs. Arthur F. Sheldon. Informal talks on the highlights of the composer's life were given by the Misses Mary Z. Childster, A. Noble Graham, John L. Mackinnon, C. E. Wonderly, Sr., Edward Muller, Jr., the Misses Anne Goldrick, Edna Merrihew, Ethel and Jane Mauterstock.

Interesting biographical accounts of his early life were given illustrating the fine background and encouragement which he received from his parents and teachers. He played some of his own compositions at the age of eight for a performance in Warsaw and entered the conservatory in Warsaw at the age of 10. The influence of his native country in his music was mentioned and his associations with great men in the musical world of his day were recalled.

The account of his sojourn on the island of Majorca and his friendship with George Sand was related as well as stories of his many travels throughout the capitals of Europe. He was described as an idol of the salons, successful pianist, and teacher and a favorite with such musicians as Liszt, Mendelssohn and Schumann, the latter of whom is famous for his quotation, "Hats off gentlemen, a genius" when he heard Chopin play.

Examples of his compositions were given by members of the club. Piano solos were played as follows: Mazurka, Op. 33, No. 4, Mrs. Bertrand Bishop; Ecosseises, Op. 72, Mrs. W. S. Eltinge; Ballade, Mrs. Elmyr Millon; Fantasia-Improvisation, Op. 65, Mrs. Lloyd LeFever; Waltz, Op. 64, No. 3, Mrs. LeRoy Vogt; Prelude, Op. 28, No. 6, Mrs. Willard Burke; Berceuse, Op. 37, Miss Lucinda Merritt; Polonaise, Op. 26, No. 1, Mrs. William Rylance.

Two of his songs which are few and little known today were sung as follows: Lithuanian Song, Mrs. Kenneth Hickock, soprano, accompanied by Mrs. Bishop; and The Maiden's Wish, first in a group of 16 Polish Songs, Mrs. Harry C. Seitz, contralto, accompanied by Mrs. Eltinge.

A short business meeting was conducted by Mrs. LeRoy Vogt, president. Plans were made to have informal part singing at meetings and Mrs. Millon and Mrs. Rylance were appointed to arrange for music.

Following the program, refreshments were served by Mrs. Elmyr Millon and Mrs. Childster. The table was arranged with rose chrysanthemums and yellow candles. The next meeting will be a study of the life of Richard Strauss, November 30, at the home of Mrs. Bernard Forst, 32 Maiden Lane.

Menjou Scheduled For Next New Palitz Artist Series Program

Adolphe Menjou, veteran of 30 years of movie-making, will appear in the auditorium of New Palitz State Teachers College Monday evening, November 21, in the second program of the 1949-50 New Palitz Artist Series.

Considered one of Hollywood's wisest story-tellers, Mr. Menjou has recently taken to the lecture platform. The story of his life is the story of the movie industry and the persons who worked in it. He began his movie career in silent pictures as a whip-wielding, mustache-twirling circus ringmaster. He started in the business when any picture over two reels in length was considered a super-special, and he is still going strong today.

From this wealthy background of experience, Adolphe Menjou draws the tales and anecdotes that make up his lecture, "Stairway to Stardom." Famous for his wardrobe and wit, he has been associated with many popular moving pictures.

Menjou is a suave, debonair individual whose name has appeared on the list of America's best-dressed for years. He and his wife are now doing one of the most listenable "Mr. and Mrs." programs on the radio networks. His autobiography has been published under the title "It took Nine Tailors." Moving picture hits in which Menjou has played include "A Farewell to Arms" with Helen Hayes and Gary Cooper, "Little Miss Marker" with Shirley Temple, "The Milky Way" with Harold Lloyd, "100 Men and a Girl" with Deanna Durbin, and "A Star Is Born" with Janet Gaynor. His most recent releases are: "The Hucksters" and "State of the Union."

A limited number of single admission tickets are available for Mr. Menjou's New Palitz appearance November 21. Reservations may be made by calling or writing the Book Store, State Teachers College, New Palitz, phone 8233.

Atharhacton Club Begins Year With Studies of Art

Atharhacton Club opened its year with two meetings concerning art of entirely different periods.

The first meeting, October 19 with Mrs. Henry F. Dunbar in Montomville concerned the story of a young Indian artist of the Hopi tribe and was given in the form of a review of Albert Hannum's book, "Spin a Silver Dollar." The lad's talent was discovered and encouraged by the Hannums who had opened a trading post in Arizona. Mrs. Dunbar showed several examples of his pictures. After the meeting Miss Florence Cordts presided at the tea table.

Last week the club met with Mrs. E. Everett Fessenden, 116 Fair street, when a study of the Last of the Impressionists was made. Mrs. Fessenden gave a biographical account of the Prince of Bonnard and showed several prints of his paintings. Miss Emily Hoystradt assisted Mrs. Fessenden at the tea which followed.

Next Wednesday the meeting will be held at the home of Mrs. Charles Arnold, 175 Manor avenue, when she will give a paper on ceramics.

Sorosis Studies State

Birds, Flowers at Meeting
Sorosis met with Mrs. Lorraine Wood, Highland avenue, on Monday afternoon. Mrs. Wood gave the paper for the day on New York State Birds and Flowers.

In discussing the birds Mrs. Wood mentioned the robin, blue bird, hermit thrush, barn swallow who chase hawks, crows who have no friends but continue to increase, noisy blue jays who imitate other birds, black bird, cow birds who lay eggs in other birds' nests, orchard oriole, wild turkey, wild pigeon, ring necked pheasant who was imported from England, and others including the 26 species of sparrows.

Mrs. Wood described the various characteristics of the flowers and named among the different

Little Gardens Club Has Final Meeting With New Officers

The final meeting for the season of Little Gardens Club was held Friday afternoon at the home of Mrs. Iven Freer, Wrentham street. New officers were installed and committees for next year were named.

Officers are Mrs. William Taylor, president; Mrs. William McNamara, vice president; Mrs. G. A. Nussbaum, secretary; Mrs. John Gill, treasurer.

Mrs. Taylor announced the committee for next year as follows: program—Mrs. G. A. Nussbaum; Mrs. John Gill; Mrs. J. J. Carroll; Sunshine—Mrs. Frederick Snyder; Mrs. John H. Saxe; Mrs. S. Maxwell Taylor; Entertainment—Mrs. Saxe; Miss Ruth Waterbury; Mrs. William Niles; Mrs. Gertrude Groves; Mrs. Robert Murray; Mrs. Iven Freer; Nominating—Mrs. Claude Twombly; Mrs. John D. Groves; Mrs. J. J. Carroll.

Mrs. Saxe, retiring president, was presented with a bouquet of huge chrysanthemums.

The program for the afternoon included three interesting papers. Mrs. Prescott Clapp gave the paper on Cathedral Close, an old world garden in a new world setting, the national Cathedral gardens at Mount St. Albans, Vermont.

Mr. D. C. Mrs. Clapp reported that 15 years ago this spot was a barren red-clay hillside and the transition into the garden of today marks perhaps the most outstanding and unique undertaking of the kind ever accomplished.

Entering this garden, one is greeted by the fragrance of the English boxwood placed everywhere throughout the garden. It forms enclosures here and there and spots of special interest. One of these is the Norman Court building in medieval romantic style where are found the cedars of Lebanon which were brought from the Holy Land. In the back of this court is one of the whole garden.

A relief of the whole garden, a large carved stone font, is placed there. A search was made through the yellow pages of manuscript and through wood cuts of early gardens until a plant list of this period was found. Around this font in the side corner spaces are planted rosemary, lavender, southern wood, sweet marjoram, lovage, thyme, ambrosia, sage, hyssop, a few white lilies and old roses. Another spot features roses blooming from May to November. At the far end of the rose plot is a wayside cross which is a rare relic of the early Christian worship in France.

Mrs. S. Maxwell Taylor gave the second paper, a short account of suggestions for Thanksgiving morning. The morning of the holiday could be spent in taking stock and generally applying the worth of what one has done and what one plans to do in the year to come in gardening. It is an excellent time to arrange protection for evergreens and shrubs for the coming winter.

The third paper concerning the Washington Palm was given by Mrs. G. A. Nussbaum. She explained that the west coast of the United States is abundantly supplied with the picturesque trees, one of the most outstanding being the Washington Palm. This tree like all palms belongs to an ancient type of vegetation, she explained. The palm, as a class, is

Junior D.A.R. Hears Of Navajo Problems

Paul Taylor, the Oakwood School, Poughkeepsie, spoke to the Junior D.A.R. group Monday evening.

Mr. Taylor and his wife spent the last 11 summers visiting the Navajo country in New Mexico, and painted for the group an excellent picture of Navajo life through the means of a discussion and movies as well as a display of Indian handicrafts, jewelry, basketry and weaving.

Mr. Taylor said that although the Navajos are hard to become acquainted with at first, he has found them to be friendly. He said that although the general idea seems to be that Indians are lazy, he has found this to be a fallacy, and that the Pueblo, Hopi and Navajos are particularly industrious. One of the handicapping factors in the Indian territories concerning employment has been the illiteracy of the Indian, due to lack of good schools and sufficient teachers in the territory. Of the 24,000 Navajo children of school age, less than 8,000 of them are in school. At present 80 per cent of the Navajo population is illiterate, and only 60 per cent can speak English.

Mr. Taylor also felt that other limiting conditions were communication and health. There is only one paved road in the Navajo territory at Gallup, N. M. There are only 385 hospital beds for the 60,000 Indians residing in that territory. There is no public health program, and little knowledge of disease.

Mr. Taylor urged the passage of a bill now before Congress calling for an appropriation of \$9,000,000 to provide irrigation, hospitals, educational facilities, good roads and other advantages.

Miss Ruth Friedell, Junior Group chairman, conducted the meeting. She announced plans for the Junior D.A.R. card party which will be held November 16 at 8 p. m. in the Chapter House. Reservations may be made by calling after 5 either Mrs. Stuart Randall, 1867-M, Miss Carolyn Newkirk, 4549-R, or Miss Ruth Friedell, 1030.

Any members having card tables which they would be willing to lend are requested to bring them.

Members of the Junior Group are asked to bring Christmas presents for Agnes McIntyre, the Junior D.A.R. scholarship student at Tamassess School, to Miss Carolyn Newkirk, as soon as possible. If any information is desired as to sizes of clothing, please call Miss Newkirk after 5 p. m. at 4549-R.

Program of Music and Dramatic Monologues Scheduled as Benefit for Academy Building

A dramatic and musical repertoire will be sponsored by the Sisters of St. Ursula of the Blessed Virgin Sunday afternoon at 3 o'clock in the crystal room of the Governor Clinton Hotel. The performance which will include vocal and instrumental selections, dramatic monologues and poetic recitations, is being presented for the benefit of the new chapel and cafeteria building now under construction at the Academy of St. Ursula. Among the artists to be featured on the program are Miss Amphie Altman, pianist, graduate of the New England Conservatory of Music; Miss Lee Truhill of the Shakespearean Theatre in New York; Miss Celia Seltzer, Miss Mary McCarthy, vocalists; Miss Zila Model, violinist; and Miss Joan Van Hoesen, piano accompanist; all former pupils of the Sisters.

Tickets are available at the convent of St. Ursula, 26 Grove street, or may be purchased at the door Sunday afternoon.

amazingly useful in the lives of primitive people throughout the tropical regions supplying virtually all needs such as thread for weaving and coat making; pines for needles, young shoots for food; sap for wine and sugar; leaves for thatching huts, for hats and mats; fruits to eat and drink and press for oil. These are some of the products furnished for uncounted centuries and there are about 4,000 species.

Following the meeting delicious refreshments were served by the hostesses and the club adjourned until its opening meeting in the spring which will be in April.

Four Canadian Ring Aces Set for Next B'nai B'rith Card on Nov. 17

Jim Hardy, Berkshire, Will Box Eddie Durtisac, Dominion Champ

Four amateur boxers from Montreal, Canada, will be featured on the next ring show sponsored by B'nai B'rith on Thursday, Nov. 17. Chairman Bill Singer of the organization's boxing committee has announced that the delegation of scrappers coming to the municipal auditorium from the north country will be headed by Eddie Durtisac, middleweight champion of Montreal.

"This 165-pound punching dynamo has met and defeated some of the best ringmen in the Dominion," Singer said. "We look for him and his cohorts to put on a whale of a show."

Canada has the reputation of sending real scrappers to Kingston. Several times since B'nai B'rith has been sponsoring amateur boxing, teams from across the border have been at the auditorium. The Dominion boys always gave a good account of themselves.

Durtisac is matched with Jim Hardy, Adirondack District A.A.U. champion, who has brought fame to Berkshire School in Canaan by his punching power. He has a knockout walloper.

Hardy is the type of scrapper who does well with a mixer, a scrapper who bores in and punches. Durtisac is that type, according to his handler, Tony White. Ben M. Becker, chairman of the Adirondack boxing committee, promises a great scrap when these two sluggers start throwing punches.

Two featherweights and a lightweight will make the trip here with the Canadian team. Gene Mainville, 126, Al Cothorpe, 124, and Roy Keenan, 135. They are rated as crafty ringmen, fast, and able to punch.

Rodgers, Smith on Bill.

Mainville will box either Rufus Rodgers of Albany or Willie Smith of Poughkeepsie. Whichever boy he tackles will have his hands full, according to Becker, who sanctions the matches.

Cothorpe is down for five rounds with Harry Smith, another Berkshire leather tosser, who is capable of mixing it with any of the first rate featherweights in the amateur ranks. Smith is a crowd pleaser, popular at the auditorium.

Keenan's opponent will be Libby Manzillo, the Jeffersonville favorite, who always gives the fans their money's worth whenever he fights here. He's bound to have his hands full with Keenan, Beck-

Ulster Park Five Seeks Cage Tilts

The Ulster Park Five, winners of 23 out of 28 games last year, will open the 1940-41 basketball season next Monday night at the Wittwyck School hall in a game against Hurley. Game time is set for 8 o'clock.

Coach Earl Terwilliger, in announcing the season's opener, said the Ulster Park eagles are seeking games with teams in the 15 to 18 age bracket on a home and home basis.

Interested captains or managers are requested to call Ray Monfort, Kingston, 1768-W, or Bob Terwilliger, Ulster Park 559-J-3.

Members of the Ulster Park Five will open the season Monday night with their new uniforms.

New York (St. Nicholas Arena) 162½, Cleveland, outpointed Billy Brown, 162, Hartford, Conn., 10.

Detroit—Lester Felton, 146½, Detroit, and Tony Pellone, 145½, New York, drew 10.

or advised Singer and his local committee.

Singer said he would announce the remainder of the card in a few days, and probably will have several local boys among the list of scrappers.

Tickets for the show on the 17th are on sale at B'nai B'rith and may be ordered by phone.

Young Detroit Ring Flash Still Makes Headlines Without Winning

Detroit, Nov. 10 (AP)—Young Lester Felton of Detroit, who is fast becoming one of the most controversial figures in boxing, was back in the headlines today—this time because he did not win a fight.

The 20-year-old Negro welterweight zoomed into national prominence Oct. 21 when he got an unpopular decision over Kid Gavilan of Cuba in a fight here that touched off probes by the State Boxing Commission and police.

Felton returned to ring warfare last night and wound up with a ten-round draw at Olympia Stadium with rough Tony Pellone of New York.

Most of the 8,967 fans and the newspapermen thought Felton had won. Judges Johnny Webber and Lou Jolas each called it a 50-50 fight, while Referee Clarence Rosen voted for Felton by a 54-46 margin. Under Michigan rules, explained by Boxing Commission Chairman Floyd Stevens, that was a draw.

It was a bitter disappointment for Felton, who had figured the Pellone fight as one: "I had to win to prove to the people that I am a good scrapper."

The decision had scarcely been announced when a heated discussion broke out among Felton's

handlers and boxing commission officials over scoring of the fight.

Chief issue was the card of Judge Johnny Webber, who awarded Pellone the second round 7-3 margin after Felton hit the canvas for a no-count.

Under Michigan rules a fighter who floors his opponent once in a round wins it by a 7-3 margin. If there is no knockdown, the greatest edge he can have is 6-4.

Webber scored it as a knockdown, but Referee Clarence Rosen said after the fight that it was not a knockdown.

Rosen never indicated it was not a knockdown and I felt Felton had been dropped by a stomach punch," Webber explained to Commissioner Stevens.

Felton in AP Opinion. Some observers said that since it was not officially a knockdown, the round should have been Pellone's only by a 6-4 margin. That would have given Felton a 51-49 advantage on Webber's card.

Commissioner Stevens went into a 10-minute huddle with his aides after the bout and announced the draw decision would stand.

The Associated Press scorecard showed Pellone a 52-48 winner, and fight writer Charlie Ward of the Detroit Times had an identical figure. Tommy Devine of the Detroit Free Press called it 53-47 for Felton. Sam Greene of the Detroit News called five rounds for each fighter, but said "Felton won his rounds by bigger majorities and it was his fight."

Rigid Enforcement Restricting Elbow Blocking Favored by College Coaches

New York, Nov. 10 (AP)—College coaches not only like the new football rule restricting elbow blocking but most of them want it more rigidly enforced.

"If there's any hollering about the increase in penalties the coaches brought it on themselves," said Lou Little of Columbia, chairman of the Coaches

Rules Committee, today. "They were all for it."

"In fact, we sent letters to the various conference commissioners requesting strict enforcement. We feel it's a fine rule and will cut down rough play and injuries."

The rule stipulates that when an offensive player uses a hand or forearm in blocking the hand must stay in contact with the body.

Once the blocker could lock his hands and flail away, rooster fashion. The locked hands were barred last year and the regulations were changed to say the hands should stay "near" the body.

Now there must be contact all the way. If the hand slips and it is detected, it's a 15-yard penalty.

Penalties are on the rise and the emphasis on horn-toting has brought beefs from some of the members. The stricter blocking rule is blamed.

Bierman Okays Rule. But a cross-country sampling of coaches, opinion by the Associated Press today showed almost everybody for the rule and a shortage of complaints.

"I think the rule is perfectly all right," commented Minnesota's Bernie Bierman. "I don't think the officials are calling violations too close and in some cases are not calling them close enough."

Lynn Waldorf of California's Bears said the boys on the west coast have had no trouble with it. "I think it's a good rule and has been administered fairly by the officials here," he said.

Marchy Schwartz of Stanford agreed and added: "We'd have better blocking if the boys would concentrate on shoulders and forget all about hands."

There were no outright objections but a lukewarm attitude toward the rule was reflected by Herman Hickman of Yale. Bud Wilkinson of Oklahoma and Jim Tatum of Maryland.

Hickman said he's not "heated" for or against it but he believes it can be overemphasized.

Major Amos B. Hoople Reverses Field; Picks Kingston Over Middletown, 20-0

By Major AMOS B. HOOPLE (The Upset Kid)

Egad! Some of the gentler among my millions of gentle readers beseech me to put a stop to the abominable and highly unproductive practice of making my friend Bill Burke's Kingston High School football team the underdog.

"You old windbag," wrote an especially charming young feline from Kripplush, "as a prognosticator you rate with Dr. Gallup and the Literary Digest. Why don't you try naming the day of the week some time..." This was after K.H.S. toppled Poughkeepsie, 13-7.

"Betting against your selections is short-cut to the Fort Knox mint," penned another bitter gentleman who signed his address, "Higginsville."

Reverses Field. Harrumph! A sweeping revision appears in order, gentle readers. But first I must canvas the pugilistic reports of the last week-end. That is very important in modern football, you know.

It seems there are more good 10-round bouts on the football field than there are in the ring—help-heh!

In the old days with Willie Heston, Jim Thorpe and Walter Eckersall, not to mention, Snake Ames, we were too numb to notice an occasional friendly uppercut.

But the gladiators' tempers (not to mention Sam Killech's) seem to be a bit shorter in these modern times than was true among the giants of that distant era.

This makes for uncertainty in scoring, and quite a few of this season's amazing upsets, most of which I have predicted lawlessly, may be traced to alterations of personnel due to knockouts, solar plexus punches and left hooks.

Having heard of the great stone battle between Poughkeepsie and New Dorp the week before, my crystal ball showed 11 Poughkeepsie players and 22 boxing gloves. Egad, I thought, we

Justice May Miss Notre Dame Clash. Asheville, N. C., Nov. 10 (AP)—The Asheville Citizen quoted Coach Carl Snavely as saying, last night "It is very doubtful" whether Charlie Justice, University of North Carolina All-American tailback, gets into the ball game against Notre Dame in New York Saturday.

Justice, an Asheville native, has been under constant treatment for a badly sprained right ankle received in the football game against William and Mary last Saturday. He reported for practice today for the first time this week.

The paper said it had reached Snavely by telephone, and he remarked: "His showing was very disappointing to all of us. He tried to kick three or four times and tried to run about the same number of times, but he could neither kick nor run on his injured ankle."

"It is very doubtful if Justice even gets to handle the ball or gets into the ball game," Later efforts to reach Snavely or university athletic department men were fruitless.

Pro Cage Season Opens Tonight at Garden

New York, Nov. 10 (AP)—Professional basketball makes its 1949-50 debut at Madison Square Garden tonight with last year's University of Kentucky quintet, now the Indianapolis Olympians, pitted against the New York Knicks. Attendance at the game may provide an indication how the pro cage sport will draw in its third year at the big Eighth avenue arena.

The Olympians are perhaps finding things more difficult than they anticipated in the National Basketball Association. They won their opening game, but since then have taken it on the chin twice in successive games. Last night, for instance, they absorbed a 103-79 lacing at Syracuse from the Syracuse Nationals.

Posting one of the two 500's in the entire 24-team Colonial Women's League Wednesday night at the Bowlatorium. Evelyn Gross took over this week's leadership on the strength of her 548 series. The Smith Avenue Storage lead-off Fred Neal and consistent games of 180-180-188 for her 548 series. The only other 500 was turned in by Tess Moss who finished with 520 triple on scores of 201-144-175.

Others in the top bracket in the Gold Division were C. Wilson with 183-467; Mary Bonacci 460; Charlotte Lapine 482; Bev Markle 460; Phyl Gehring 485-488; Rita LaRocca 475; Marge Jansen 468; L. Murphy 186-469; S. Kuchin 468; Faye Horne 193-483; Rose Schatell 176-485; Jo Smith 480; Evelyn Dolson 491; and C. Mohr 182-489.

Bertha Schaller's 485 topped the Silver Division; keggettes on scores of 141-188-153. Also on note were Marguerite Logan with 185-438; R. Rymer 165-427; Cora Gile 422; Vivian Sliver 167-447; Ella Lowe 420; Marian O'Donnell 164-436; M. Perry 176-428; Dot Murphy 428.

A fine 452 series by G. Strother paced the Purple Division, where scores have been generally on the upgrade in recent weeks. The Tropical Inn anchor shot 150-145-187.

V. Cave hit 147-417; A. Berard 156-422; A. Brocco 168-406; D. Sickler 190-448; and M. Browder 170-426.

E. (for excellent) Harper's 529 series on games of 163-210-150 was the top effort in the Booster League. A dozen pins behind came B. Giles with 176-139-196.

Other top bracket shooters included W. Letus and B. Lawrence 486; Steve Hyatt 485; Ray Arnel 476; John Dittus 475; Ed Heins 470; A. Mayone 470.

J. Benicase tickled the maples for 554 in the Rip Van Winkle circuit, posting scores of 162-181-211, while C. Scheid knocked off 159-179-193-533; J. Bartsch Sr. unloaded 210-531; Pete Hano 515; B. Hornbeck 506; Orlino 533; Sil Erstein 483; Ed Koskie 474; Huber 477; A. Cross 470; F. Robinson 470.

Rookie League keggers trailed Joe Heidkamp's best-of-the-night 324 with 168-187-188. Wes Holden, oldest rookie in town, had 507; F. Mehun Jr. 502; Frank Grimaldi 499; J. Strubel 203-490; L. Emory 497.

The Gardenside Tractor powerhouse got back in stride in the Friendship League blanking Garaghan's with a rousing new league record of 2538 and an unusual performance in which three members of the squad - Edta Frederick, Dot Rawland and Bea Barley - had identical triples of 513.

Paced by Helen Murphy who fired the league's best total of 529 via 208-140-181, the Gardenside reeled off major league counts of 859, 851 and 828.

Also of note in the league were

Marge Jansen's 470; Beverly Markle continued good pinning with 148-205-175-528; Rose Schatell 513; Evelyn Gross 468; Winnie Overfield 455; A. Miller 461; Carrie Mohr 453; Rose Mellett 463 and Margaret Mellett 455.

Two satellites of the Stardust Club - Elwood Robinson and Ernie Magnusson, the not so terrible Swede these days - rocked the maples for 594 and 591 respectively in last night's session of the Silver Palace League.

Robinson clicked for 194-191-208, while Magnusson rallied after a 156 opener to throw 211 and 224. Other "500" scores were a dime a dozen. Frank Russano had 512; Charlie Horne 213-207-577; Jack Sharot 203-521; J. Strother 200-509; Clarence Herdman 506; Scott Vining 523; Ray Weber 213-528; Steve Fassbender 517; Johnny Love 568; Ralph Mayone 210-500; Miltie Arinaky 524; Pete Tatarzewski 204; Ross Ellis 508; Cliff Davis 518; Huck Swirsky 202-557; Larry Jacobs 204-517; Jack Martin 201-528; Pete Schline 538; Pete Slover 553.

A pair of 200's following a 165 opener wound up a 577 triple for Jack Haber to feature the Junior Major trundlers Wednesday night at the "Palace."

Jim Cave held the runner-up slot with 546 on scores of 211-147-188.

Other good scores reported included B. Schabot with 188-528; Jack Tuzze 213-525; C. Perisco 183-525; Earl Tewilliger 179-508; E. Cunningham 197-512; Jack Parslow 185-533; A. Carrado 174-501; Milt Cole Sr. 173-501; Ted Gile Jr. 196-508; F. Cappilino 193-508; Ray Otto 188-514; Hank

Harder 187-543; Ed Marks 179-514.

Don Weeks, the softball pitching ace, was pitching strikes again last night on the Y lanes and wound up a pleasant evening with a 567 triple. Weeks opened games of 176-178-213 to lead the Federation American pack in the homestretch.

Others in the "500" bracket were Harry Pine with 213-510; C. Kelder 179-509; Frank Roc 204-540; Ford Short 190-500; Ray "Doc" Cord 188-515; and Herb Slight 184-503.

Nick Bruck, anchor for St. Peter's 2 lead a lively session of the Catholic Bowling League at the Bowlatorium Wednesday night by pinning off 588. Bruck opened with 208, hit 155 in the midday and wound up the proceedings with a 218 blast.

C. Smith fired 224-573; Johnny Zeeh 188-524; George Kearney 176-515; Pete Nagy 191-543; Ken Radel of the Gold Dust Twin team, 151-520; Ed Norton 202-544; J. D. Hartmann, the Port Ewen flash, 226-508; Vince Burns 203-559; Fred Ferraro 191-520; and Big Joe Mahar 188-540.

Negro Youth Drowns Fleeing State Police

Roscoe, N. Y., Nov. 10 (AP)—A Negro youth was drowned last night and two of his companions were arrested when state troopers caught them on Route 17 in a cement mixer truck allegedly stolen earlier in the day at Binghamton.
Police said the trio abandoned the truck when apprehended and that James Wooten, 22, of New York city, was drowned while trying to swim the Beaverkill river to evade capture. His body was recovered today.
Police said Wooten and John Bates, 20, and John Long, 22, had visited a friend at Elmira reformatory before stealing the truck and heading for New York. Long and Bates were held in Sullivan county jail for Broome county police.

Terror Is Charged
Sofia, Bulgaria, Nov. 10 (AP)—Bulgaria charged Yugoslavia police today with inflicting a new wave of terror and atrocities over Bulgarian peasants living near the border in Yugoslavia. Sofia newspapers reported 10 peasants have been killed and about 80 arrested in villages in the Tzaribrod area along the Yugoslav-Bulgarian border. The reports attacked Yugoslav's Marshal Tito, whose Communist regime has split with Bulgaria and the rest of the Cominform, as an "executioner."

Bidault Says His Cabinet Will Talk

Paris, Nov. 10 (AP)—Premier Georges Bidault's office announced the French cabinet will go into a huddle tonight with Foreign Minister Robert Schuman on the Big Three talks now underway here, which center on policy toward Germany.
Schuman will report on the progress of his conference with U. S. Secretary of State Acheson and British Foreign Secretary Ernest Bevin.
Observers said Schuman, a member of France's popular Republican party, wants the backing of the Moderates and Socialists, the two other parties of the French coalition government, before formally entering a new accord with Acheson and Bevin.

WOODCO R.O.W. WINDOWS
you can clean both sides
indoors...get full ventilation
in summer!
No more outside window washing! Gently push
the left side of the Woodco R.O.W. window, and
it lifts out from the right side. Easily put back
the same way.
Woodco R.O.W. windows slide along a metal
spring cushion. They never stick; never rattle.
R.O.W. means Removable—Opens Easily—
Weatherstripped. Over 4 million in use. Insist
on R.O.W. removable windows when you buy
or build your house.

Thermopane PICTURE WINDOWS
WITH WOODCO REMOVABLE WINDOWS
Picture windows are a new idea in home con-
struction and decoration. They admit sun-
daylight—wide, sweeping views of the out-
doors scene.
And these Woodco picture windows have
additional advantages! They are made of
Thermopane which keeps rooms cooler in
summer and warmer in winter. Thermopane
summer and winter insulation, because it consists
gives perfect insulation, because it consists
of two panes of glass with a dry air space be-
tween. It is a product of Libbey-Owens-Ford.
The Thermopane unit is flanked by
two R.O.W. windows which facili-
tate ventilation and cleaning.

WOODCO WIND-O-ROBE . . YEAR-ROUND
STORM AND SCREEN COMBINATION
No more ladder-climbing to change screens and storm-sash! All
Wind-O-Robe units can be hung and removed from the inside.
During cold weather, combine (A) the two storm units to a full
storm-sash. Hot spell coming up? Use (B) one storm unit with a
half screen, or (C) a full screen.
Wind-O-Robe storm-sash are made of Ponderosa pine, screens of
aluminum. They fit all wood windows. Half-size units are easy to
handle and store. Priced from \$8.60 to \$14.19.

Religious Hold Tightens
Prague, Czechoslovakia, Nov. 10
(AP)—The Communist government's
new Ministry of Church Affairs
tightened its group over all phases
of Czechoslovakia's religious life
today, even down to counting the
pennies given out by religious
charitable groups. New decrees
even gave the church office final
say over what is to be taught in
seminaries and theological schools
(AP), which came into effect
last week. The decrees were issued to
of the Roman Catholic hier-
